## Publishing and printing activities

### Serial publications in 2008

#### - Papers (newspapers), magazines, and other serials -

The data on serial publications (periodicals), which are found within the division of publishing and printing activities on the territory of the Republic of Serbia, are compiled through regular annual surveys: Annual statistical list of papers (newspapers) and Annual statistical list of magazines.

Statistics of publishing and printing activities is aimed at compiling data on serial publications (periodicals) issued in our country and put at public disposal, however in accordance with the main reference features, on the basis of which it is possible to study the phenomena and trends of publishing and printing activities.

Papers (newspapers) are serials that are issued for public disposal and they primarily provide information on current events of social and political sciences, literature, sport, etc., which were processed in popular way.

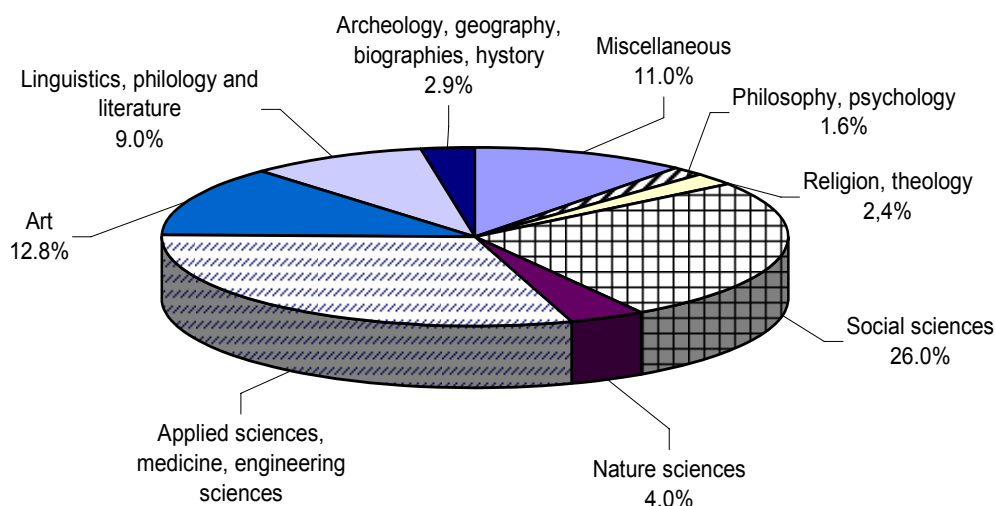

Magazine is a serial that is issued always under the same title, in more or less regular time intervals and for undefined period of time, and they deal with the issues of general interest or with special ones (politics, culture, health, science, etc.).

Pursuant to the methodology of the National library of Serbia, apart from the papers and magazines, serials covers also collected works, flyers and other serial publications.

In the total number of papers, magazines and other serials included are also those publications printed in the Republic of Serbia, however the publishers of which originate from, i.e. have their head offices seated in the former Yugoslav republics and other countries.

The data were extracted from the electronic catalogue of the National library of Serbia – COBISSNBS, with the support rendered from the National library of Serbia. The data refer to the reference entries that were classified in the Current list of reference of serial publications of Serbia in 2008.
