Starting from 1999 the Statistical Office of the Republic of Serbia has not at disposal and may not provide available certain data relative to AP Kosovo and Metohia and therefore these data are not included in the coverage for the Republic of Serbia (total).

### Methodological explanations

Producer's price index for industrial products – total, is a new price index that is calculated pursuant to the methodology harmonized with the EU recommendations and standards.

The index shall be accounted according to the data compiled for producer's price index for industrial products in domestic market and producer's export price index for industrial products.

The index is calculated for the level of the Republic of Serbia.
