Statistics of social activities

SERB348 SZ10 261211

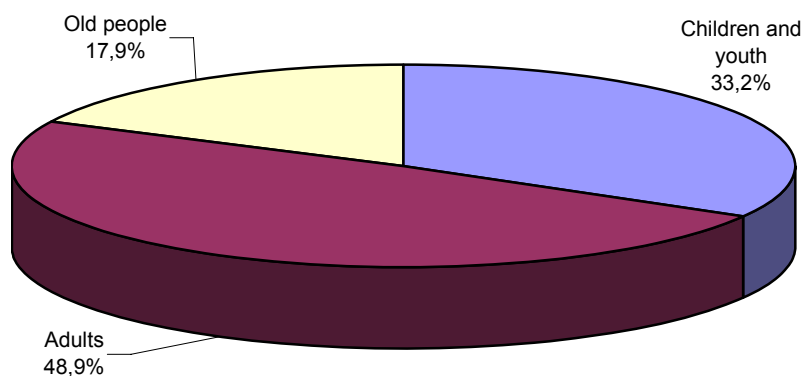

Social welfare beneficiaries in the Republic of Serbia, 2010

During 2010, in the group of children and youth (aged up to 18, that is 26), 27.7% of children and youth became passive (or left the social welfare system), while 35.8%, that is somewhat over a third part of the recorded number of children during the year, entered or came back to the social welfare system.

Regarding the total number of adult beneficiaries (aged 18-60, that is 65) during 2010, 26.1% of social welfare beneficiaries became passive (or left the social welfare system), while 36.8% of total number of adult beneficiaries entered or came back to the social welfare system during the year.

Referring to the group of old people (aged 60, that is 65 and over), 21.9% of them became inactive cases during 2010 (or left the social welfare system), while 28.4% of total number of persons in this category entered or came back to the system of social welfare in 2010.

Adults	6938	-	12783	12785	1430
Old people	10375	283	16476	12894	11459

Methodological notes

Data on minor and adult social welfare beneficiaries and applied forms, measures and services of social welfare have been, since 2010, overtaken from the Republic Institute for Social Protection.

Social welfare beneficiary is taken to be every person that, during the reporting year, once or several times, used certain forms, measures and services of social welfare.
