METHODOLOGICAL EXPLANATIONS

Data on employees by salaries and wages size, level of educational attainment and average salaries and wages are derived from the regular semi-annual statistical survey on employees and their salaries and wages (RAD-1), which is carried out twice a year (as of 31 March and 30 September).

This survey covers employees in legal entities (enterprises, institutions, cooperatives and organizations). **Employees engaged in some small-size enterprises and in unincorporated enterprises (entrepreneurs) are not covered, as well as employees in Ministry of Defense and in Ministry of Interior.**

The communication shows the number of employees by sex, average salaries and wages size and sector of activity, then the structure of employees by level of educational attainment and sector of activities, as well as average salaries and wages by sex, level of educational attainment and sector of activities.

Employees involve all persons having a labor relation with an employer, whether for a definite or indefinite time and whether on part-time or full-time basis.

Level of educational attainment (needed qualification) for performing certain activities and tasks presents the level of education required for a function (general act, i.e. organizational chart of posts).

The salaries and wages are defined pursuant to the Law on Labor ("Official Journal of the Republic of Serbia", no 24/2005 and 61/2005).

The data presentation by activities was carried out pursuant to the Regulation on Classification of Activities ("Official Gazette of RS", No. 54/10). Territorial distribution was based on the Regulation on Nomenclature of Statistical Territorial Units ("Official Gazette of RS, No. 109/09 and 46/10).

Starting from 1999 the Statistical Office of the Republic of Serbia has not at disposal and may not provide available certain data relative to AP Kosovo and Metohia and therefore these data are not included in the coverage for the Republic of Serbia (total).
