METHODOLOGICAL EXPLANATIONS

SR10 statistical release contains the aggregated and summarized review of the registered legal and natural persons in the Republic of Serbia, which is created from various contingents depending upon the administrative source that as provided by law has the charge in the process of registration. The following are the administrative sources, whose databases are used for compiling this release:

- Serbian Business Registers Agency (SBRA)
- Statistical Office of the Republic of Serbia / Register of classification units
- Bar Association of Serbia
- Public Notaries Association.

Statistical Office of the Republic of Serbia, via an optical link, takes over the information on the changes to the database of registered legal and natural persons, the registration and monitoring of which is under the responsibility of SBRA. Simultaneously, SORS keeps the Register of classification units (please see <http://www.stat.gov.rs/en-US/registar-jedinica-razvrstavanja/>) and collects the information on attorney offices and public notaries from the Bar Association of Serbia and the Public Notaries Association.

SR10 statistical release was modified in relation to the previous version in order to ensure a better insight into the business operations of the registered legal and natural persons in the Republic of Serbia, and so to provide the review of them by selected status of registration (registered, in the process of bankruptcy and in the process of liquidation), up to the level of individual municipalities of the Republic of Serbia. In addition, presented is the demography of legal and natural persons in the form of a number of newly registered (founded) and closed legal and natural persons in the last, i.e. reference quarter.

The detailed information on the number of registered legal and natural persons classified by the sections of CA (2010) / NACE Rev. 2) and by the statistical territorial units of the national Nomenclature of statistical territorial units is available at <http://www.stat.gov.rs/en-US/oblasti/statisticki-registri/>.
