Methodological notes

Data in this statistical release are obtained on the basis of the Survey on agricultural production (APP), conducted by the Statistical Office of the Republic of Serbia during December 2018.

The Survey covered companies and agricultural cooperatives performing agricultural production, as well as family holdings and holdings of unincorporated enterprises from the sample - based survey.

Sown areas are taken to be the areas cultivated and sown with certain crops.

Interested users can find more details in Methodology of crop production statistics that is available on the website of the Statistical Office of the Republic of Serbia: www.stat.gov.rs
