¹⁾ Preliminary data.

Methodological explanations

Data on enrolled students result from the regular survey “Statistical Report on the Enrollment of Students” (Form ŠV-20). The survey covers all higher education institutions.

Data refer to all enrolled students at academic and applied studies, at all three levels of studies, as well as according to the old programme.

Data presented in this release refer to ISCED 6, 7, 8 levels according to The International Standard Classification of Education – ISCED2011.

Starting from 1999 the Statistical Office of the Republic of Serbia has no available certain data relative to AP Kosovo and Metohija, therefore these data are not included in the coverage for the Republic of Serbia (total).
