## PREFACE

Data on crimes committed by adult perpetrators in the Republic of Serbia are collected in regular statistical surveys on adults against whom criminal proceedings by crime reports have been terminated (form SK-1), being presented under "Charges", as well as on accused adult persons against whom criminal proceedings have been terminated by finally binding court decision (form SK-2), being shown under "Charges and convictions".

The aim of this statistical survey is the production of indicators on reported, accused and convicted perpetrators of criminal offences, which are an important tool for studying the structure of crimes and decisions of the penal procedure.

The data collected in statistical surveys provide information on perpetrators' demographic background, criminal offence, type of decision, pronounced sanction and duration of proceedings.

The data presented herein concern the statistical survey that was conducted in 2020.

The bulletin contains also user-friendly basic methodological explanations. Up to 2002, the bulletins concerning crime statistics were regularly published by the Federal Statistical Office.

Starting from 1999 the Statistical Office of the Republic of Serbia has no available data relative to AP Kosovo and Metohija and therefore are not included in the data coverage for the Republic of Serbia (total).

## METHODOLOGICAL EXPLANATIONS

Data on crimes committed by adults titled "Crime reports" are obtained from a statistical survey based on form SK-1: "Questionnaire for adult person against whom criminal proceedings by crime report have been terminated". The form is to be filled in by all competent public prosecutor's offices once the public prosecutor/assistant public prosecutor has found in the dockets that the proceedings have been terminated by a decision, by which: a charge has been rejected, investigation suspended or a charge sheet raised – summary charge sheet submitted. For crime reports by which the perpetrator has remained unknown for one year since the reception of the report from the public prosecutor's office, the form is to be completed for unknown perpetrator of criminal offence.

Data on crimes committed by accused and convicted perpetrators are obtained from a statistical survey conducted on form SK-2: "Questionnaire for accused adult person against whom criminal proceedings have been terminated by a finally binding court decision". This statistical form is to be filled in by all competent ordinary courts of first instance upon findings of the judge – board president, based on the act, that there was a finally binding court decision by which: an information, i.e. a private charge has been rejected, proceedings have been suspended or charges have been rejected (in examining the charge sheet), charges have been rejected, proceedings have been suspended or vacated and exoneration judgement has been delivered, security measure has been passed without stating sentence against a non accountable perpetrator or the accused has been pronounced guilty – condemning sentence. The data are drawn from the main document – judgement/decision or from other official documents contained in the file / register.

As laid down in the instructions, the monitoring of reported, accused and convicted adult perpetrators of criminal offences is continuous. The statistical questionnaire SK-1 is to be completed at the moment when the proceedings are terminated in the competent public prosecutor's office, i.e. for unknown perpetrator one year following the reception of crime report. The statistical questionnaire SK-2 is to be filled in at the moment when the proceedings are terminated by a finally binding court decision, pursuant to legal provisions, in competent courts of first instance.

Data for 2020 are obtained from a regular statistical survey on criminal offences.

In 2015, the survey was revised (forms SK-1 and SK-2) due to changes in the Criminal Procedure Code (Official Gazette of RS, No.72/2011,101/2011, 121/2012, 32/2013, 45/2013 and 55/2014).

The law on the organisation and competences of government authorities for the suppression of organised crime, terrorism and corruption ("Official Gazette of the RS" No 94/2016 and 87/2018 - state law) of March 1<sup>st</sup>, 2018, marked the beginning of the work of special anti-corruption departments of the prosecutor's office and courts in Belgrade, Novi Sad, Niš and Kraljevo. This issue of the Bulletin presents data for 2020 for reported, accused and convicted adults by special prosecutor's and court anti-corruption departments for the four mentioned towns.

These surveys serve to collect data on crimes according to a unique methodology, by applying a uniform procedure and identical tools both in the survey on reported adult perpetrators and the survey on accused and convicted adult perpetrators, minor perpetrators of criminal offences, and on perpetrators of economic violations.

### Coverage

The statistical surveys cover all perpetrators of criminal offences and economic violations (including criminal offences committed by unknown perpetrators) against whom a charge has been submitted to the competent public prosecutor's office, and against whom legal action has been taken and terminated.

The surveys cover criminal legislation, taking into account all criminal provisions contained in laws. Procedures of all competent basic and higher public prosecutor's offices, as well as basic and higher courts are also encompassed.

The statistical surveys on adult perpetrators of criminal offences cover adult perpetrators of criminal offences, being persons aged 18 at the moment of criminal offence committal against whom proceedings by crime report and previous proceedings have been terminated. Covered are also accused perpetrators against whom criminal proceedings have been terminated by a finally binding court decision.

## Explanations of certain concepts and characteristics

**Criminal offence** is an act considered by law as a criminal offence, which is illegal and committed. An act is not considered a criminal offence when illegality or guilt is excluded, even when there are all elements of criminal offence specified by the law.” (Article 14 of the Criminal Law).

An **adult perpetrator of criminal offence** is a person who was 18 years old at the moment of criminal offence committal, and who committed the criminal offence as: perpetrator, co-perpetrator, instigator or accessory.

If a person has committed more than one concurrent criminal offences, the more serious criminal offence is taken into account as the characteristic of the perpetrator. “The most serious criminal offence” implies a criminal offence for which the law foresees the heaviest sentence. If the same type and grade of sentences is foreseen for two or more concurrent offences, the most serious offence is the act being defined as such by the public prosecutor/assistant public prosecutor.

When more than one person have perpetrated one criminal offence, each of them is counted as a unit of observation, thus the same offence is recorded as the characteristic of each perpetrator.

**Reported perpetrator – perpetrator known** is taken to be an adult perpetrator of criminal offence against whom the proceedings by crime report and preliminary proceedings have been terminated by a decision, by which: a charge has been rejected, investigation suspended or a charge sheet raised – summary charge sheet submitted.

**Reported perpetrator – perpetrator unknown** is considered to be an unknown person – perpetrator of criminal offence against whom a crime report has been submitted to the public prosecutor’s office for a committed criminal offence, and the perpetrator has not been identified after a one-year period. Only characteristics concerning the criminal offence and criminal proceedings are indicated for this person.

**Type of decision** (in form SK-1) is taken to be the decision of the public prosecutor’s office by which the proceedings by crime report has been terminated.

Data on personal characteristics of a perpetrator of criminal offence refer to personal characteristics that a perpetrator had at the moment of criminal offence committal.

Data on criminal offence: name of the criminal offence, article, paragraph, point and connection with other criminal offences from the applicable criminal law are collected on the basis of the decision of the public prosecutor’s office, i.e. court as formulated in the enacting terms of the final decision, and are processed in detail. However, in this bulletin criminal offences are presented by narrow categories of the Classification of Criminal Offences.

The names and types of public prosecutor’s offices are given as laid down in the Law on Public Prosecutor’s Offices.

The name and types of courts as reporting units are given as laid down in the Law on Ordinary Courts.

**Accused perpetrator** is taken to be an adult against whom an charge sheet, summary charge sheet or private charge has been presented to a court; against whom criminal proceedings have been terminated by a finally binding court decision, by which: a summary charge sheet, ie. private charge has been rejected, proceedings suspended or charge dismissed (in examining), charge has been rejected, proceedings have been suspended, vacated or exoneration judgement has been pronounced, security measure has been passed to a non accountable perpetrator, without pronouncing sentence or perpetrator has been pronounced guilty – condemning sentence.

**Young adult** is an adult perpetrator of criminal offence who has not reached the age of 21 at the moment of the proceedings and who may be sentenced to a correctional measure.

**Accused perpetrator** is an adult pronounced guilty, upon whom sanctions have been imposed.

**Criminal sanctions** imply:

- **sanctions:** imprisonment, fine, social community work and driving license withdrawal;
- **admonition measures:** suspended sentence and court’s admonition;
- **security measures;**
- **educational measures** as well as the case of a person pronounced guilty but acquitted. Imprisonment punishment can be pronounced only as the main punishment. Fine, social community work and driving license withdrawal can be pronounced both as the main and accessory punishment. For concurrent

criminal offences presented is only one sentence that has been pronounced for all offences in the same judgment pursuant to Article 60 of the Criminal Law.

**Type of decision** (in form SK-2) implies a court decision by which a proceeding has been finally terminated.

**Preliminary sentences** imply all preliminary sentences to a punishment as well as those by which the accused is pronounced guilty and acquitted of punishment, as well as judgments by which the following measures have been imposed: court's admonition and educational measures towards young adults.

The Statistical Office of the Republic of Serbia has prescribed the **Classification of Criminal Offences** that include every criminal offence laid down in the Criminal Law of Serbia. It has been applied in statistical surveys of adult and minor perpetrators of criminal offences since 1 January 2006, following the entry into force of the Criminal Law of Serbia. The changes in the Classification of Criminal Offences are the result of amendments to the Criminal Law. Up to 1 January 2006 the Uniform Classification of Criminal Offences, prescribed by the Federal Statistical Office, was used.
