INTRODUCTION

Modern society has become "information society" with the development and usage of information and communication technologies, which, as its main characteristic, plays the most important part in production, the economy and all other sphere in the life of individuals and society as a whole.

Aware of the significance of those technologies, the Statistical Office of the Republic of Serbia carried out in 2004 a pilot survey on the usage of information and communication technologies in organisations dealing with financial and insurance activities. This undertaking was primarily meant to test and prepare the methodologies and instruments for the implementation of similar regular surveys related to households and the economy.

In the previous sixteen years, the Statistical Office of the Republic of Serbia conducted two surveys on the usage of information and communication technologies. The first one referred to households and individuals, and the second included also enterprises.

Both surveys were carried out on the territory of the Republic of Serbia also in 2022 based on EUROSTAT methodology. Data for the Republic of Serbia exclude those for AP Kosovo and Metohija.

As for households and individuals, the three months preceeding the telephone interview were taken to be the reference period, which was, for most of the questions asked to enterprises, January 2022, while selected ones referred to the entire 2021.

The survey for households was carried out on a two-stage sample, which was stratified according to the criterion on urban characteristics. The sample was allocated to the territories of Central Serbia (excluding Belgrade), AP Vojvodina and Belgrade, proportionally to the number of households. It included 2800 households and 2800 individuals. The interview was done both by telephone and indirectly (answers given by another person other than the absent one).

The survey for enterprises was carried out on a sample stratified by size classes and activities, through telephone interview. The sample covered 1 716 enterprises.

The Statistical Office of the Republic of Serbia is hopeful that this publication will provide the users enough information on the current situation in information and communication technologies, which will serve as the basis for further development.

95.0% of households have a mobile phone, and 98.5% a TV set.

77.0% of households have a computer.

83.2% of household have an Internet connection.

In the last three months, 75.9% of persons used a computer.

In the last three months, 47.8% of Internet users bought/ordered over the Internet.

Most of the users buy/order clothes and sports goods over the Internet (71.5%).

83.5% of persons used the Internet in the last three months.

When asked how often they used, on average, the Internet in the last three months, 92.0% of respondents said more than once during the day.

The analysis of the respondents by sex indicates that 85.9% of men and 81.2% of women used the Internet in the last three months.

More than 81% of the Internet population have an account on social networks (Facebook, Twitter).

Internet-connected smart devices, such as smart watches, fitness bands, goggles or headsets and other accessories are used by 15.8% of individuals who used the Internet in the last three months.

30.2% of the Internet population used the Internet to print official forms from web pages or apps of public authorities.

17.9% of persons kept their laptop or tablet being no more in use, and 15.7% kept their desktop computer.

HOUSEHOLDS INDIVIDUALS

THE SURVEY WAS CARRIED OUT ON
THE SAME SAMPLE FOR HOUSEHOLDS
AND INDIVIDUALS (AGED 16-74).
THE RESPONSE RATE IS 90.6%.

The results on the behavior of persons and their habits concerning the recycling of IT devices no more in use indicate that 18.9% of persons sold/donated their mobile phone.

1.1. METHODOLOGY

 Survey period	<ul style="list-style-type: none">• The survey was carried out from 15 February to 28 February 2022
 Type of survey	<ul style="list-style-type: none">• Telephone interview
 Sample size	<ul style="list-style-type: none">• 2 800 households• 2 800 individuals
 Target population	<ul style="list-style-type: none">• For households: target population is made of all households with at least one member aged between 16 and 17• For individuals: target population is made of all individuals aged between 16 and 74
 Type of sample	<ul style="list-style-type: none">• Two-stage, stratified sample
 Geographic scope	<ul style="list-style-type: none">• Territory of the Republic of Serbia (without AP Kosovo and Metohia)

1.2. SAMPLE

The survey on ICT usage in households was conducted on a representative sample of 2 800 households on the territory of the Republic of Serbia. The response rate was 90.6% (2 537 individuals).

1.3. MAIN FINDINGS

1.3.1. Devices available in households

Households were offered to give more than one answer to the question relative to the devices available in households. The survey shows that 98.5% of households have a TV set, while 95.0% have a mobile phone.

There are 56.1% of households that have a laptop, an increase of 2.2% and 3.8% in relation to 2021 and 2020, respectively.

Chart 1.1. Devices available in households (%)

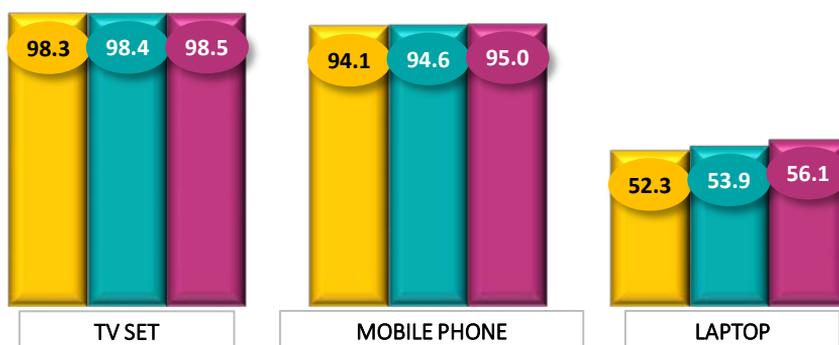

2020

2021

2022

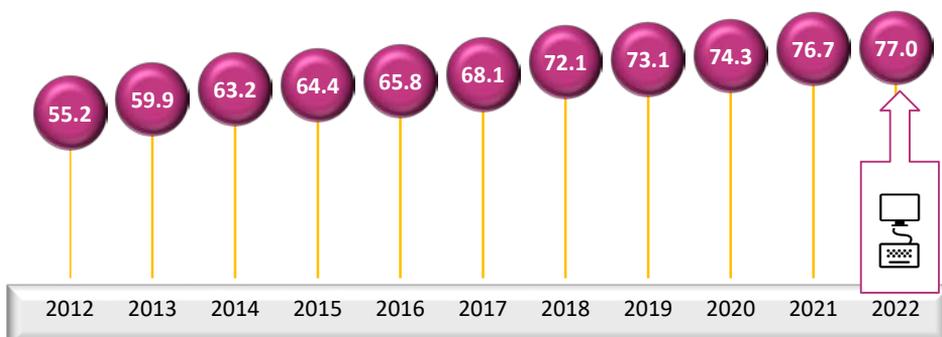

95% of households have a mobile

1.3.2. Computer in households

The main findings of the survey show that 77.0% of households in the Republic of Serbia have a computer, which is an increase of 0.3% and 2.7% in relation to 2021 and 2020, respectively. The percentage of computers in households varies depending on the territory: in Belgrade it amounts to 93.7%, in Vojvodina to 73.5%, in Šumadija i Zapadna Srbija to 70.8% and in Južna Srbija i Istočna Srbija to 69.9%.

Chart 1.2. Computers in households (%)

The differences are visible when comparing the availability of computers in urban and other parts of the Republic of Serbia: 82.9% versus to 67.2%. There was an increase of 0.5% in urban parts of the Republic of Serbia, while the growth rate of computer availability in other parts of the Republic of Serbia remained at the same level.

Chart 1.3. Percentage of households having a computer, by type of settlements (%)

2020 2021 2022

98.4% of households with a monthly income exceeding 90 000 dinars have a computer.

The gap in the availability of computers in households is visible when looking at the structure of households by monthly income. In the category of income from 70 000 to 90 000 dinars, 96.1% of households have a computer, and 84.8% in the category of households with an income from 50 000 to 70 000 dinars.

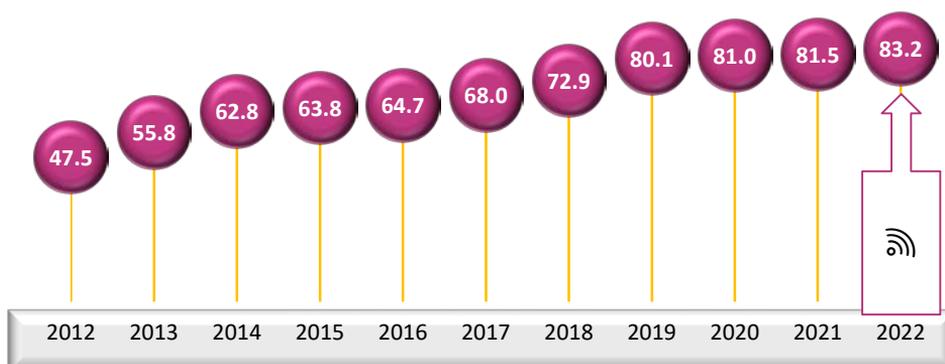

Chart 1.4. Percentage of households having a computer by income level (%)

1.3.3. Internet in households

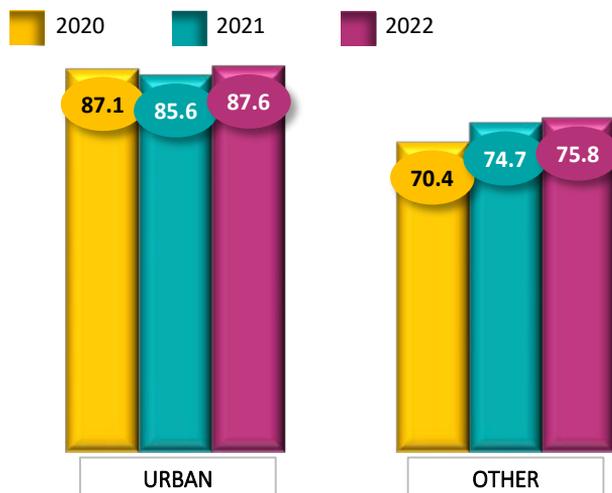

In the Republic of Serbia, 83.2% of households have an Internet connection, which is an increase of 1.7% and 2.2% in relation to 2021 and 2020, respectively. The survey indicates that all the households that have an Internet connection in the Republic of Serbia have a broadband Internet connection.

Chart 1.5. Does the household have access to the Internet at home? (%)

The highest percentage of Internet connection was observed in Belgrade, amounting to 93.0%. In Region Vojvodina it is 81.9%, in Region Šumadija and Zapadna Srbija 80.7% and in Region Južna and Istočna Srbija 76.6%.

Chart 1.6. Households having an Internet connection, by type of settlements (%)

When compared with 2021, the number of Internet connections in urban settlements of the Republic of Serbia increased by 2%, while in other parts of the Republic of Serbia the growth rate was 1.1%.

There are considerable differences as to the percentage of Internet connections in urban and other settlements of the Republic of Serbia: 87.6% versus 75.8%. When compared with 2021, there was a growth of 2% in urban settlements of the Republic of Serbia, while in other parts of the Republic of Serbia the growth rate amounts to 1.1%.

As in computer availability in households, there is a large gap as regard Internet connection by households' income level. Internet connection is mostly used by households with a monthly income that exceeds 90 000 dinars (99.6%), while the share of households with an income up to 30 000 dinars amounts to 33.1%.

Chart 1.7. Households having an Internet connection, by income level (%)

More than 70% of households with an income from 30 000 to 50 000 dinars have an Internet connection.

As regard the way of accessing the Internet (type of connection), households were offered to tick whether they have a fixed or mobile broadband Internet connection. The results indicate that of the total number of households having an Internet connection, 90.9% have a fixed broadband connection, and 74.4% have a mobile broadband Internet connection.

Chart 1.8. Type of Internet connection (%)

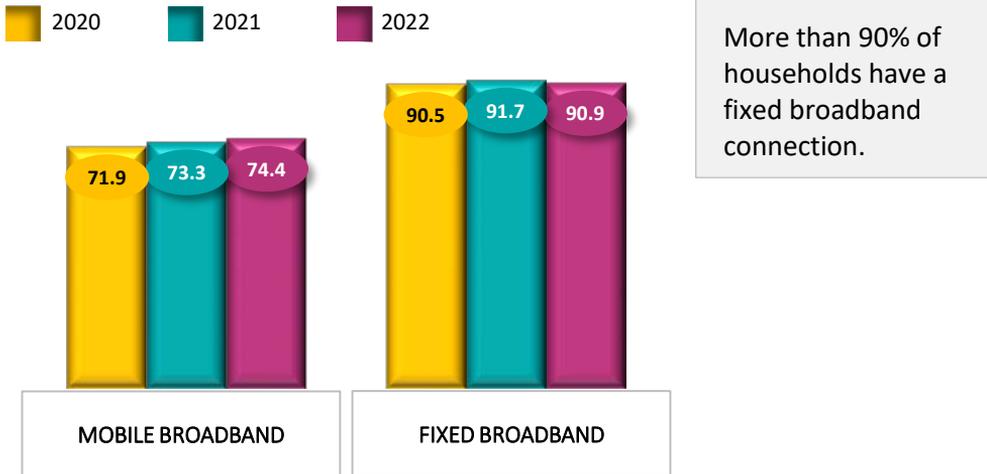

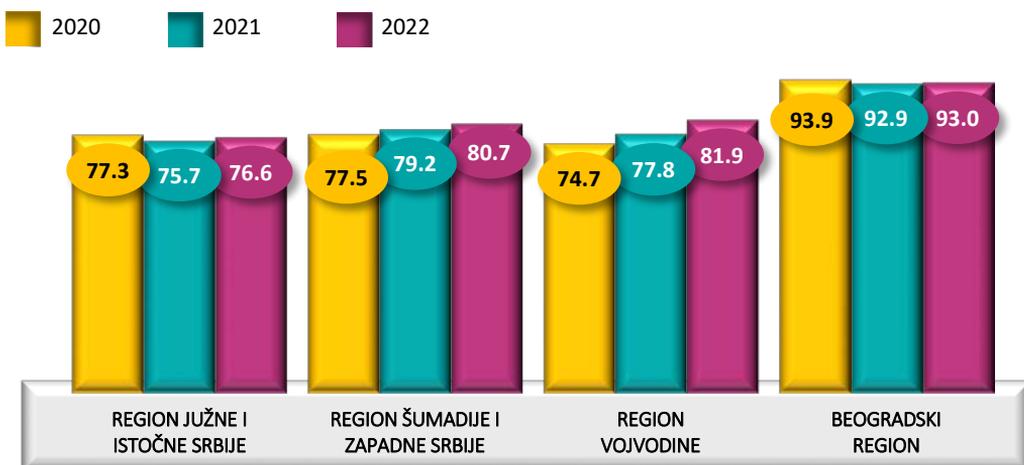

Chart 1.9. Internet connection in households by territory (%)

1.3.4. Individuals: use of computers

In the Republic of Serbia, 75.9% of individuals used a computer in the last three months, 2.2% used a computer more than three months ago, 4.6% more than one year ago, and 17.3% of individuals never used a computer. The number of persons who used a computer in the last three months increased by 1.1%, 3.5% and 4.0% in relation to 2021, 2020 and 2019, respectively.

Share of computer users (in the last three months), by educational level:

- 94.2% of persons with tertiary educational level;
- 86.0% of persons with secondary educational level;
- 47.7% of persons with lower than secondary education level.

Chart 1.10. When did you last use a computer? (%)

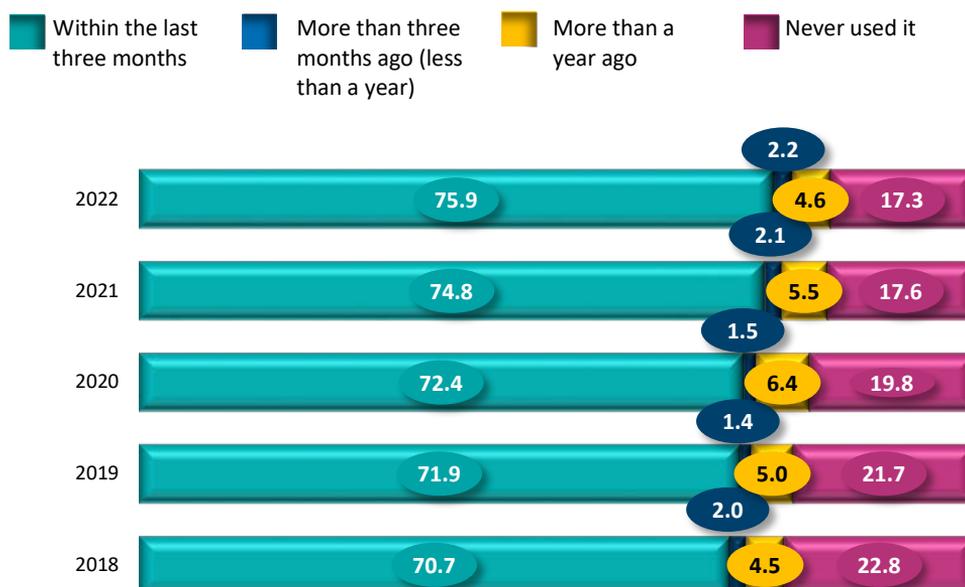

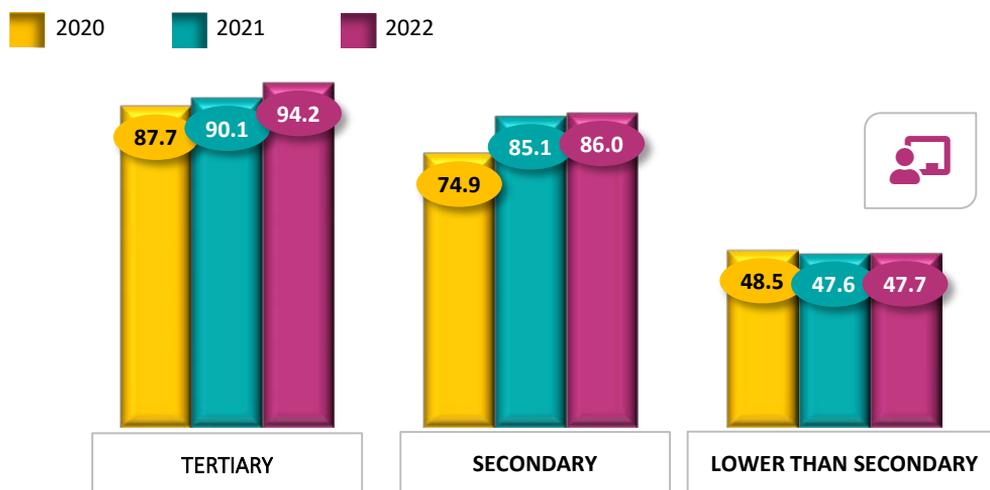

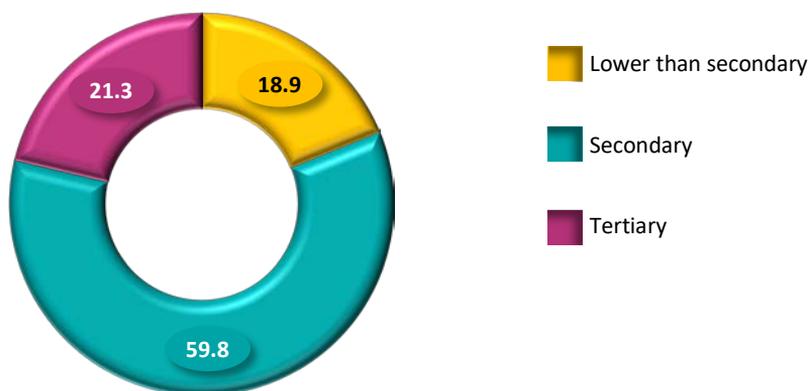

Chart 1.11. Share of computer users (in the last three months), by educational level (%)

Among computer users, 59.8% have secondary educational level, 18.9% lower than secondary and 21.3% have tertiary education.

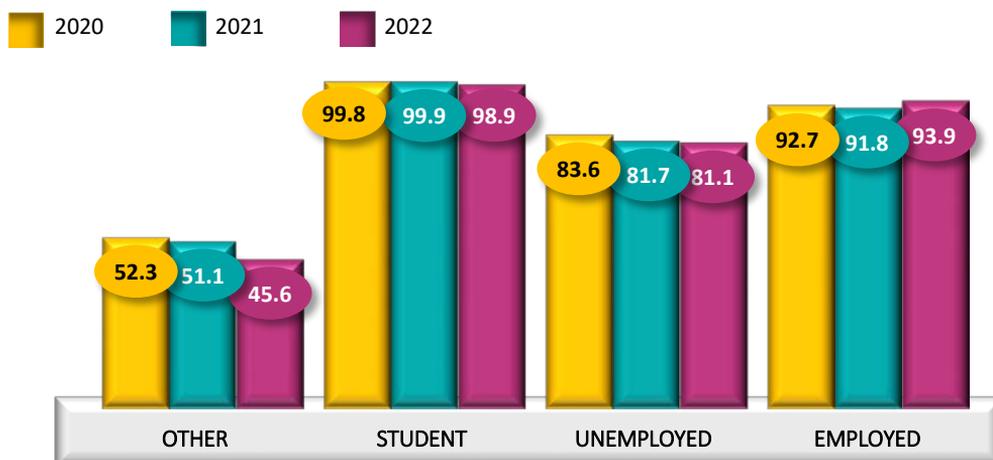

Chart 1.12. Educational structure of computer users (%)

The share of computer users (in the last three months), by employment status:

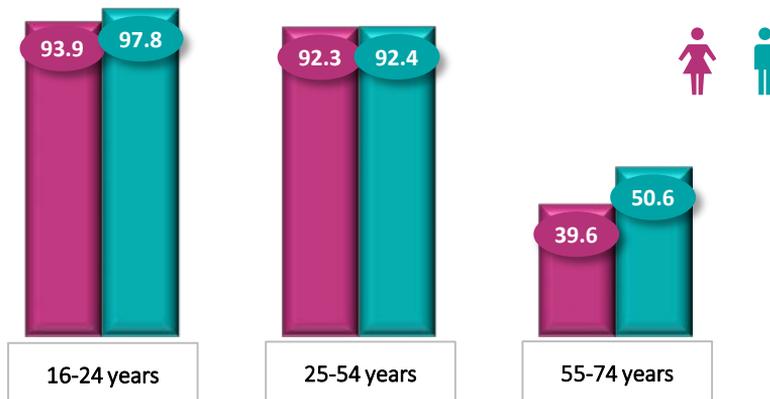

- 98.9% of students;
- 93.9% of employed persons;
- 81.1% of unemployed persons;
- 45.6% of others (retired persons, persons serving military service...).

Chart 1.13. Share of computer users (in the last three months), by employment status (%)

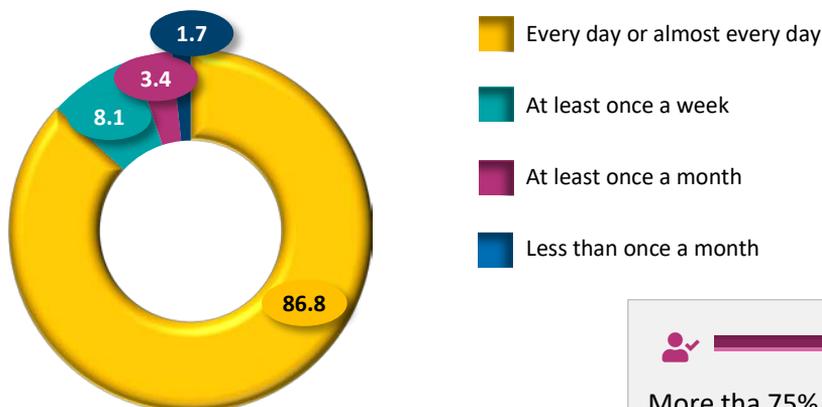

The analysis of respondents indicates that 79.% of men and 72.7% of women used a computer in the last three months.

Chart 1.14. Use of computers (in the last three months), by sex and age (%)

When asked how often, on average, they used a computer in the last three months, 86.8% of respondents said having used a computer every day or almost every day, 8.1% at least once a week, 3.4% at least once a month, and 1.7% less than once a month.

Chart 1.15. How often, on average, did you use a computer in the last three months? (%)

More than 75% of persons used a computer in the last 3 months.

1.3.5. Individuals: use of mobile phones

The survey indicates that 95.5% of persons use a mobile phone.

Chart 1.16. Use of mobile phones (%)

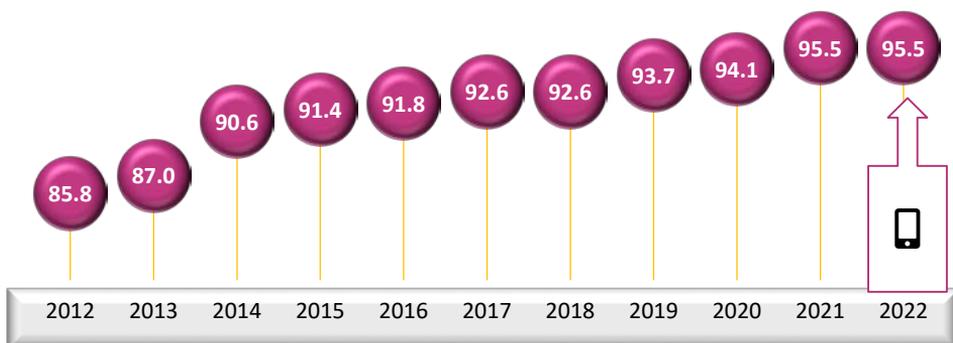

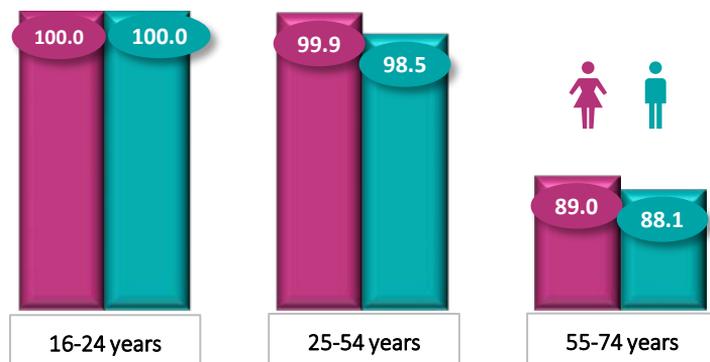

Chart 1.17. Use of mobile phones, by sex and age (%)

1.3.6. Individuals: use of the Internet

In the Republic of Serbia, 83.5% used the Internet in the last three months, 0.9% of respondents used the Internet more than three months ago, 4.9% more than one year ago, while 10.6% of respondents never used the Internet.

The number of persons who used the Internet in the last three months increased by 2.3% and 5.1% in relation to 2021 and 2020, respectively.

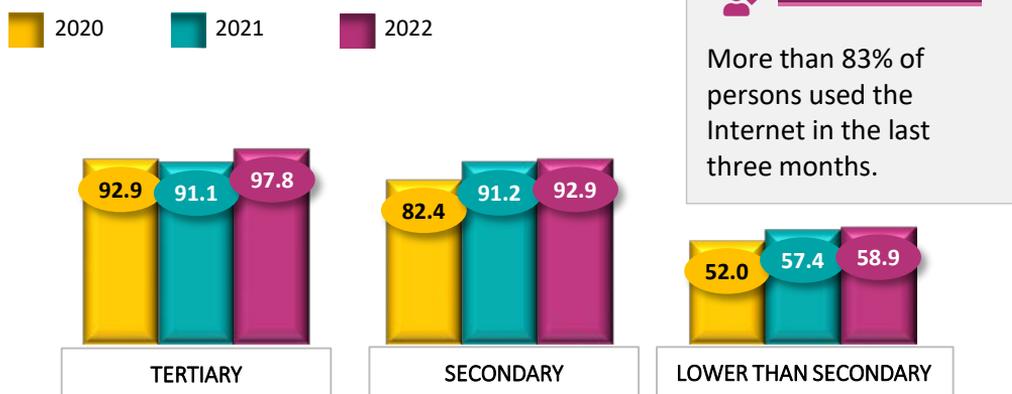

Chart 1.18. When did you last use the Internet? (%)

The share of Internet users (in the last three months), by educational level:

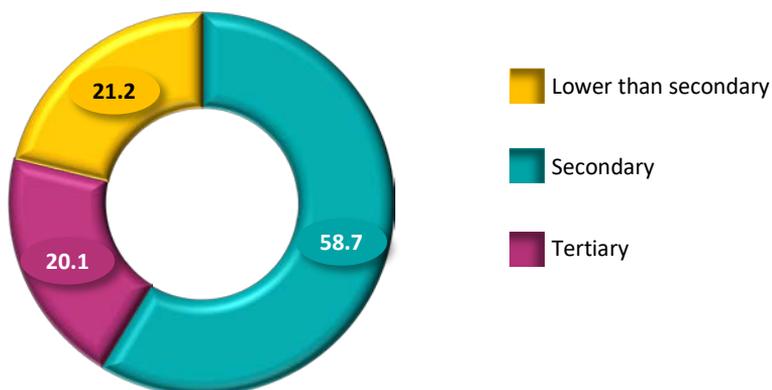

- 97.8% of persons with tertiary educational level;
- 92.9% of persons with secondary educational level;
- 58.9% of persons with lower than secondary education level.

Chart 1.19. Share of Internet users (in the last three months), by educational level (%)

Among the Internet users, 58.7% have secondary educational level, 21.2% lower than secondary educational level, and 20.1% have tertiary educational level.

Chart 1.20. Educational structure of Internet users (%)

The share of Internet users (in the last three months), by employment status:

- 100.0% of students;
- 98.9% of employed persons;
- 88.7% of unemployed persons;
- 58.1% of others (retired persons, persons serving military service...).

Chart 1.21. Share of Internet users (in the last three months), by employment status (%)

Chart 1.22. How often on average, did you use the Internet in the last three months? (%)

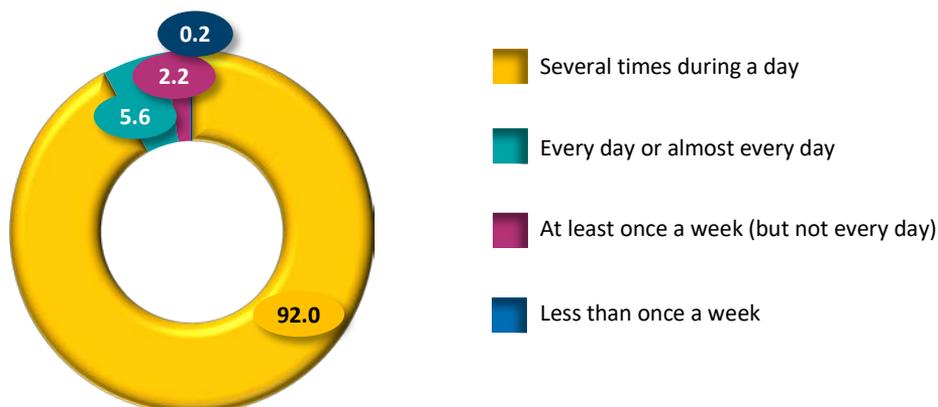

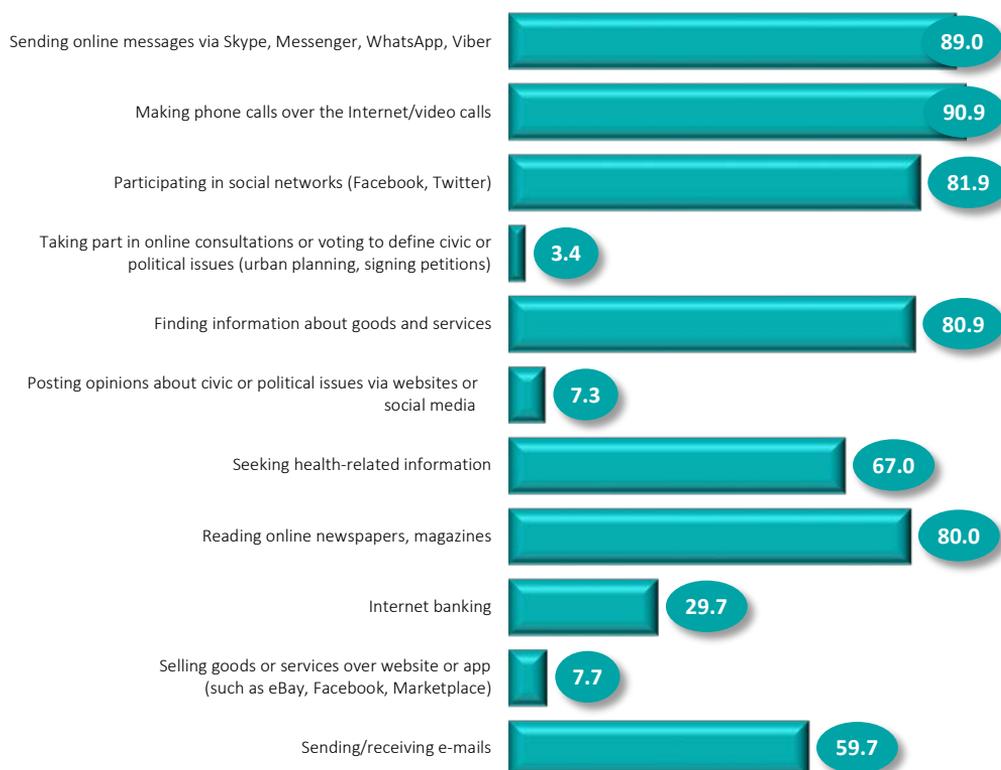

Chart 1.23. Use of the Internet (in the last three months), by sex and age (%)

The analysis of the respondents indicates that 85.9% of men, and 81.2% of women used the Internet in the last three months.

In the last three months the respondents used the Internet mostly for sending online messages via WhatsApp, Viber, Skype, Messenger (89.0%), as well as for telephoning over the Internet/video calls (90.9%).

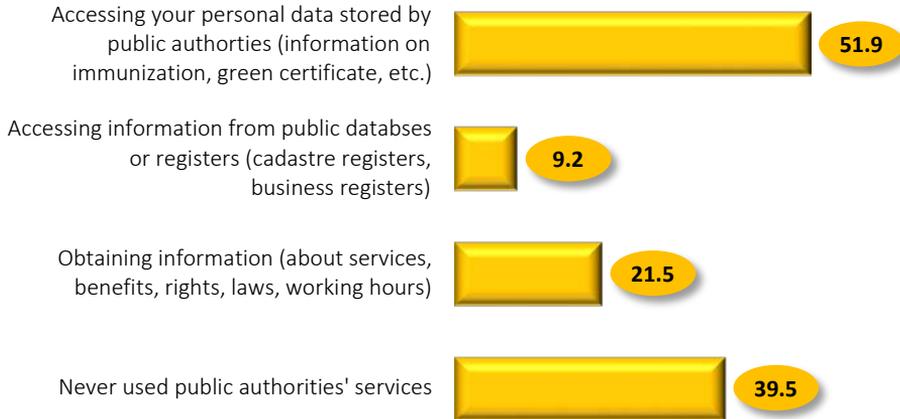

Graph 1.24. Types of Internet use (for private purposes) in the last three months (%)

  More than 81% of the Internet population have an account on social networks (Facebook, Twitter).

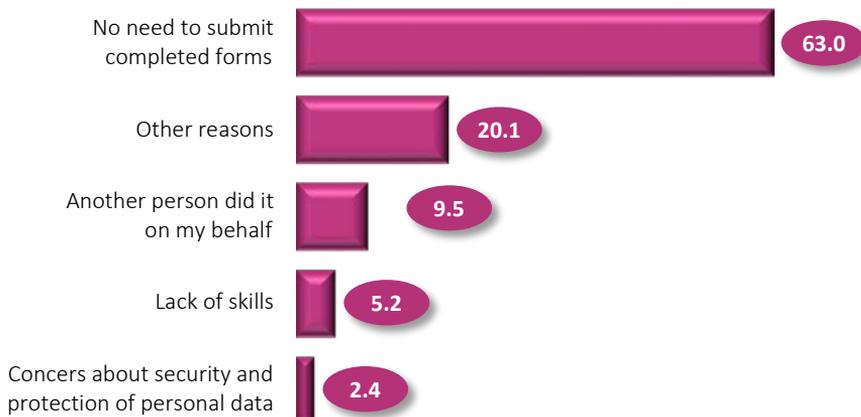

1.3.7. e-government

Chart 1.25. For which of the following public authorities' services did you use the Internet? (%) (among Internet users in the last twelve months)

The surveys indicates that 30.2% of the Internet population used the Internet to print official forms from websites or apps of public authorities.

Graph 1.26. Reason for not having submitted completed forms to public authorities over the Internet (%) (among Internet users in the last twelve months)

1.3.8. E-commerce

As regard the period when Internet users have bought/ordered goods or services via the Internet, 47.8% of users bought/ordered goods/services in the last three month, 15.7% more than three months ago, and 9.5% more than a year ago.

The percentage of Internet users who have never bought/ordered goods over the Internet is 27,1%.

Graph 1.27. When did you last (for private purposes) buy/order goods or services over the Internet? (%)

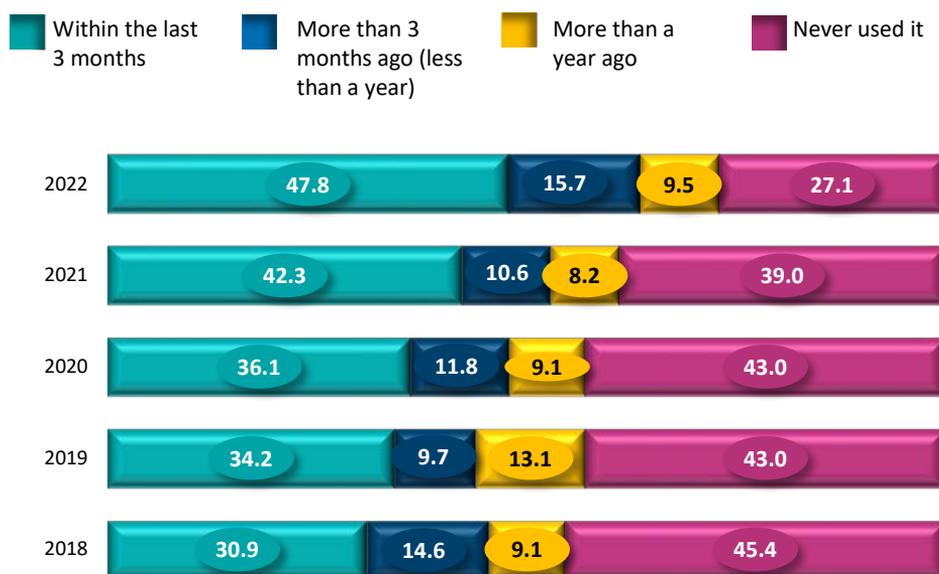

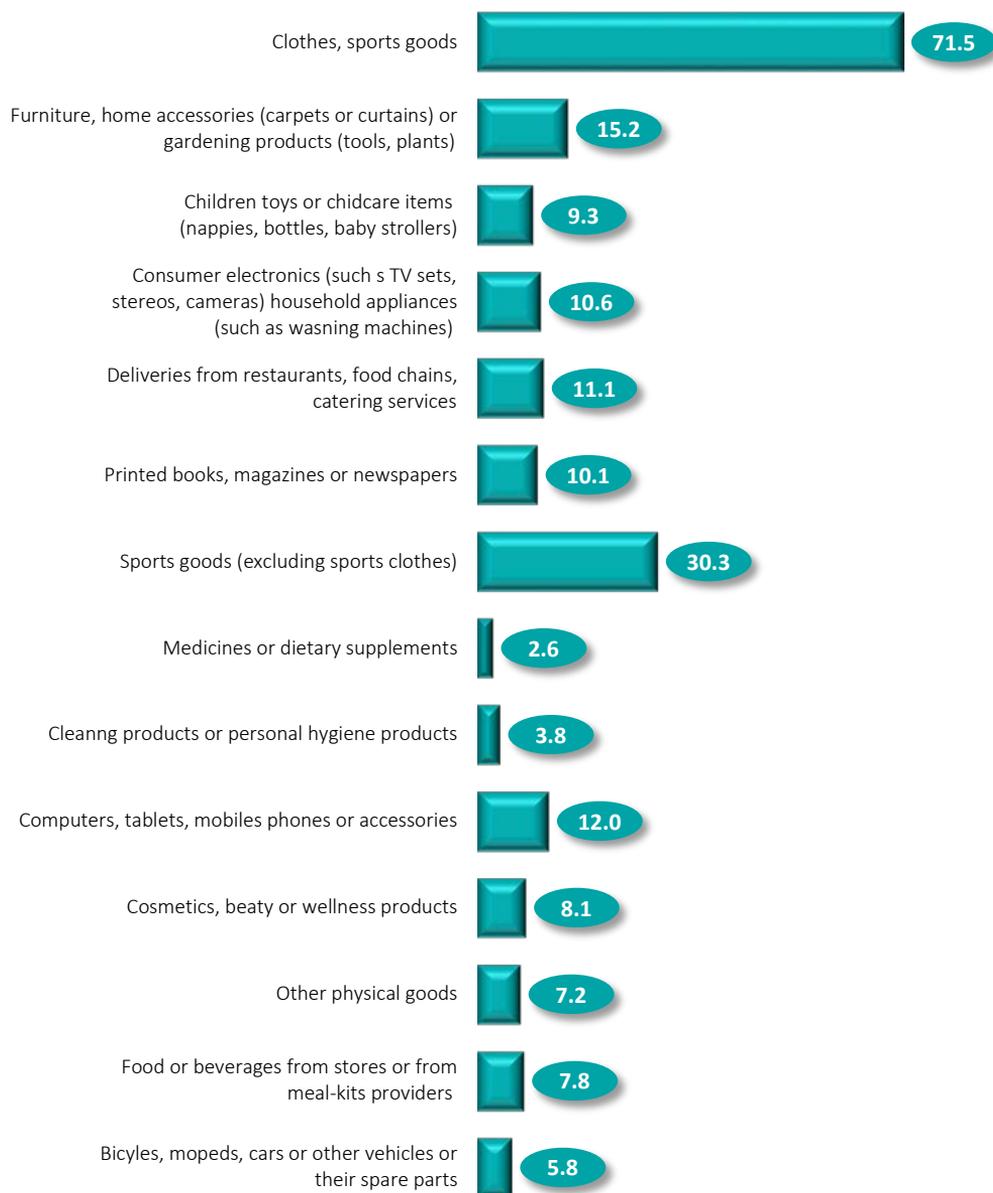

Chart 1.28. Which of the following types of goods or services did you buy/order over the Internet in the last 12 months (for private purposes) (%)

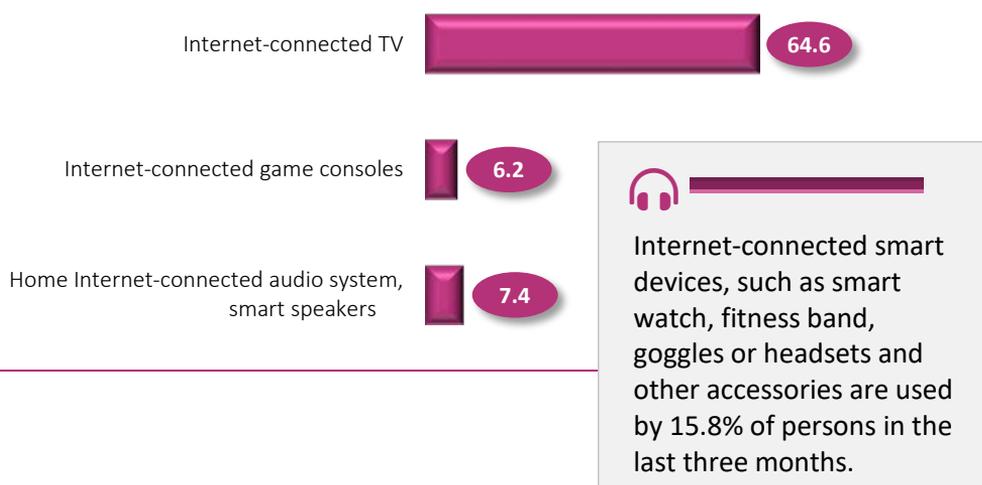

The largest number of users buy/order over the Internet clothes and sports goods (71.5%) and sports goods (30.3%).

1.3.9. Internet of things

When asked about the use of Internet-connected smart devices used in the last three months the respondents were offered to provide several answers. The survey indicates that 64.6% of the respondents have an Internet-connected TV set, 6.2% use game consoles, while 7.4% of the respondents use Internet-connected home audio systems, smart speakers.

Chart 1.29. Did you use the Internet via any of the following devices at home in the last three months for private purposes? (%)

1.3.10. Green ICT

The main findings obtained in this survey by observing individuals' behaviour when using the Internet in the last three months and their habits concerning the recycling of IT devices no longer in use are as follows:

- 22.7% of persons sold or donated their mobile phone or smartphone;
- 21.4% of persons kept their laptop or tablet they were not using anymore;
- 18.8% of persons kept their desktop computer they were not using anymore.

Chart 1.30. What did you do with your mobile phone or smartphone when you replaced it or stopped using it? (%)

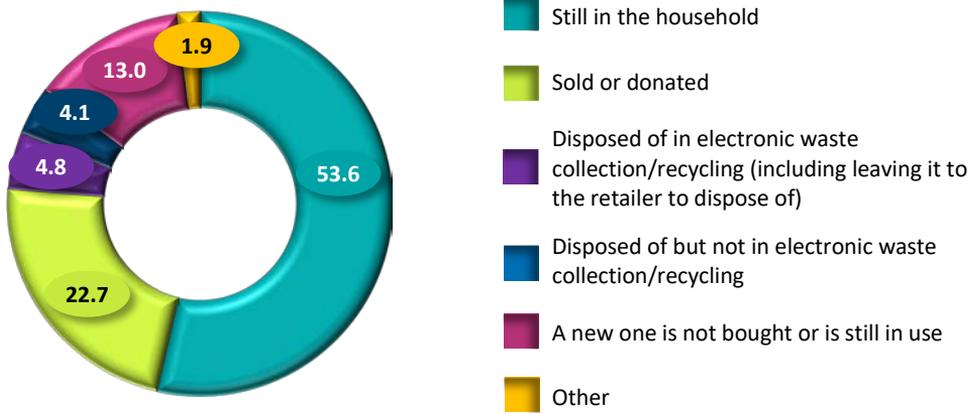

Chart 1.31. What did you do with your laptop or tablet when you replaced it or stopped using it? (%)

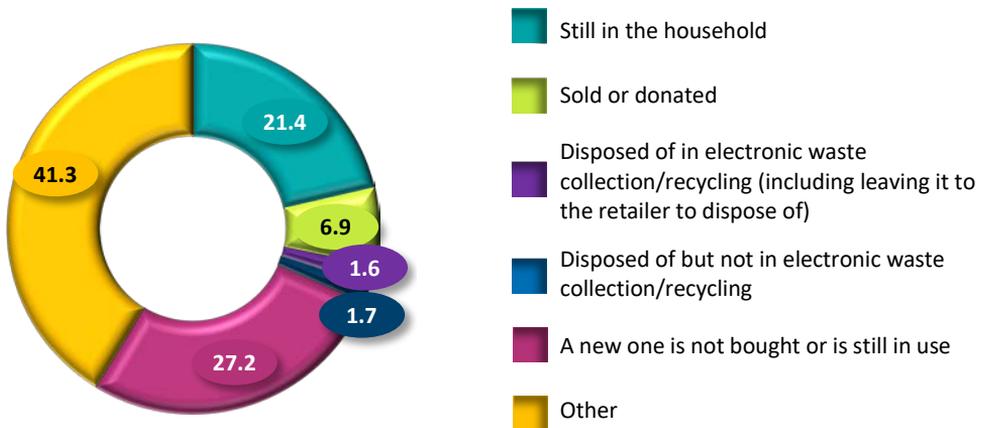

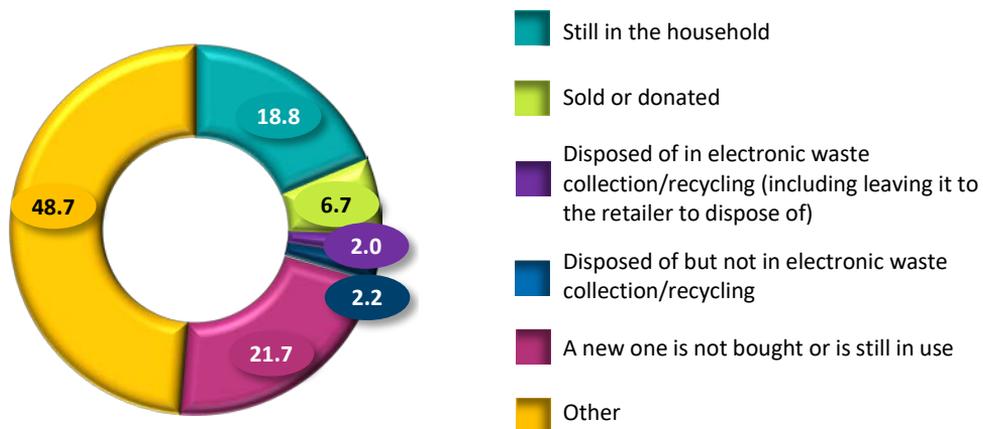

Chart 1.32. What did you do with your desktop computer when you replaced it of stopped using it? (%)

USAGE OF INFORMATION AND COMMUNICATION TECHNOLOGIES IN HOUSEHOLDS AND BY INDIVIDUALS

MODULE A: ACCESS TO INFORMATION AND COMMUNICATION TECHNOLOGIES

A1_N	Do you or anyone in your household have access to the Internet at home?
(tick all that apply)	
a) Desktop computer	<input type="checkbox"/>
b) Laptop (notebook)	<input type="checkbox"/>
c) Tablet	<input type="checkbox"/>
d) TV	<input type="checkbox"/>
e) Radio-receiver (including mobile phone, car radio...)	<input type="checkbox"/>
f) Mobile phone	<input type="checkbox"/>
e) None of the above	<input type="checkbox"/>

→ Go to A1

A1	Do you or anyone in your household have access to the Internet at home? (on any device)
(tick only one)	
a) Yes	<input type="checkbox"/> → Go to A2
b) No	<input type="checkbox"/> → Go to B1_N
c) Don't know	<input type="checkbox"/> → Go to B1_N

A2	What type of Internet connection do you use at home?
(tick all that apply)	
a) Fixed broadband connection	<input type="checkbox"/>
b) Mobile broadband connection	<input type="checkbox"/>

→ Go to B1_N

MODULE B_N: USE OF COMPUTERS

B1_N	When did you last use a computer (at home, at work place or some other place)? (desktop, laptop, notebook, tablet, excluding smartphones)
(tick only one)	
a) Within the last three months	<input type="checkbox"/> → Go to B2_N
c) More than three months ago (less than a year)	<input type="checkbox"/> → Go to B1
d) More than a year ago	<input type="checkbox"/> → Go to B1
e) Never used it	<input type="checkbox"/> → Go to B1

B2_N	How often, on average, did you use the Internet in the last three months?
(tick only one)	
a) Every day or almost every day	<input type="checkbox"/>
b) At least once a week	<input type="checkbox"/>
c) At least once a month	<input type="checkbox"/>
d) Less than once a month	<input type="checkbox"/>

→ Go to B1

MODULE B: USE OF THE INTERNET

B1	When did you last use the Internet? (using desktop, laptop, mobile phone, smartphone)	
(tick only one)		
	a) Within the last three months	→ Go to C2
	b) More than three months ago (less than a year)	→ Go to C1
	c) More than than a year ago	→ Go to G1
	d) Never used it	→ Go to G1
B2	How often, on average, did you use the Internet in the last three months?	
(tick only one)		
	a) Several times a day	
	b) Every day or almost every day	
	c) At least once a week (but not every day)	
	d) Less than once a week	
-> Go to B3		
B3	For which of the following activities did you use the Internet (including via apps) for private purposes, in the last three months?	
(tick all that apply)		
Communication		
	a) Sending/receiving e-mails	
	b) Telephoning over the Internet (via web cam) (using apps, such as <i>Skype, Messenger, WhatsApp, FaceTime, Viber, Snapchat, Zoom, MS Teams, Webex</i>)	
	c) Participating in social networks (creating user profile, posting messages or other contributions on <i>Facebook, Twitter, Instagram, Snapchat, etc.</i>)	
	d) Sending online messages via <i>Skype, Messenger, WhatsApp, Viber, Snapchat</i>	
Access to information		
	e) Finding information about goods and services	
	f) Reading online newspapers, magazines	
Civic and political participation		
	g) Posting opinions about civic or political issues via websites or social media (such as <i>Facebook, Twitter, Instagram, Youtube</i>)	
	h) Taking part in online consultations or voting to define civic or political issues (urban planning, signing petitions)	
Use of entertainment		
	i) Listening or downloading music (web radio, music streaming)	
	j) Watching television programme over the Internet from TV broadcasters	
	k) Watching video on demand from commercial services (such as <i>Netflix, HBO GO, Amazon Prime, Maxdome, Apple TV, etc.</i>)	
	l) Watching video content via sharing services (such as <i>Youtube</i>)	
	m) Playing or downloading games	
E-health		
	n) Seeking health-related information	
	o) Making an appointment with a doctor over website or app	
	p) Online access to own medical record	
	q) Using other medical services over website or app instead of going to hospital or doctor (such as obtaining prescription or online consultations)	

Other online services			
r) Selling goods or services over website or app (such as <i>eBay, Facebook, Marketplace</i>)			
s) Internet banking (including mobile banking)			
-> Go to B4			
B4	Which of the following learning activities did you carry out over the Internet for private or professional purposes in the last three months?		
(tick all that apply)			
a) Doing an online course			
b) Finding online learning material (audio-visual material, online learning software, electronic textbooks, learning apps...)			
c) Communicating with instructors or students using audio or visual tools (such as <i>Zoom, MS Teams, Google Classroom, etc.</i>)			
d) Never carried out any of the above			
-> Go to B5			
B5	What was the purpose of the learning activities you performed in the last three months?		
(for persons who answered "YES" in question B4 under a), b) or c))			
(tick all that apply)			
a) For formal education (school or university)			
b) For professional or business purposes			
c) For private purposes			
-> Go to C1			
MODULE C: USE OF E-GOVERNMENT			
(for persons who used the Internet in the last 12 months - who answered "YES" in question B1a or B1b)			
C1	In the last 12 months, did you contact authorities' services or public services using website or apps for private purposes for the following activities?		
(tick all that apply)			
a) Accessing your personal data stored by public authorities (information on immunization, green certificate, etc.)?			
b) Accessing information from public databases or registers (cadastre registers, business registers)			
c) Obtaining information (about services, benefits, rights, laws, working hours)			
d) Never used public authorities' services			
-> Go to C2			
C2	In the last 12 months, did you download or print official forms from public authorities' web page or app, for private purposes?		
(tick only one)			
a) Yes			
b) No			
-> Go to C3			
C3	In the last 12 months, did you make an appointment or reservation using website or app of public authorities or a service (for passport, ID card, etc.) for private purposes?		
(tick only one)			
a) Yes			
b) No			
-> Go to C5			

C5	In the last 12 months, did you submit your tax return using website or app for private purposes?		
(tick only one)			
a) Yes, I did it myself		<input type="checkbox"/>	<input type="checkbox"/>
b) No, this was done automatically (by a tax authority, employer, other body,...)		<input type="checkbox"/>	<input type="checkbox"/>
c) No, I submitted it personally in paper form to the tax administration		<input type="checkbox"/>	<input type="checkbox"/>
d) No, another person did it on my behalf (e.g. family member, tax adviser)		<input type="checkbox"/>	<input type="checkbox"/>
e) No, from other reasons		<input type="checkbox"/>	<input type="checkbox"/>
-> Do to C6			
C6	In the last 12 months, did you carry out any of the following activity using website or app of public authorities or public services, for private purposes?		
(tick all that apply)			
a) Submitting a request for an official document or certificate (such as diplomas, birth certificate, marriage/divorce certificate, death certificate, residence certificate, police or criminal record)		<input type="checkbox"/>	<input type="checkbox"/>
b) Asking for benefits or rights (pension, unemployment, children's allowance, enrollment in schools, universities)		<input type="checkbox"/>	<input type="checkbox"/>
c) Submitting other requests, complaints (asking for legal assistance)		<input type="checkbox"/>	<input type="checkbox"/>
d) None of the above		<input type="checkbox"/>	<input type="checkbox"/>
-> If the answer in question C6 under d) is "None of the above" -> go to C7; otherwise go to C8			
C7	What were the reasons for not asking for official documents or not submitting form using website or app of public authorities or public services, in the last 12 months?		
(tick all that apply)			
a) No need to request any documents or to submit any request		<input type="checkbox"/>	<input type="checkbox"/>
If the answer is "YES" in a) -> go to question C8; otherwise go to c-f in question C7			
b) Lack of skills (don't know how to use website or use is too complicated)		<input type="checkbox"/>	<input type="checkbox"/>
c) Concerns about security or protection of personal data or unwillingness to make payments over the Internet (credit cards fraud)		<input type="checkbox"/>	<input type="checkbox"/>
d) Another person did it on my behalf		<input type="checkbox"/>	<input type="checkbox"/>
e) Other reasons		<input type="checkbox"/>	<input type="checkbox"/>
C8	Were there problems when you used website or app of public authorities or public service in the last 12 months?		
(for persons who answered "YES" in C1 under a), b), v); C2a), C3a), C4a), C5a) or C6 under a), b), c))			
(tick all that apply)			
a) Use of website or app too complicated (not user-friendly, wordings not clear, procedure badly explained)		<input type="checkbox"/>	<input type="checkbox"/>
b) Technical problems when using website or app (loading to slow, web location down)		<input type="checkbox"/>	<input type="checkbox"/>
c) It was impossible to access the service on smartphone or tablet (incompatible device version or apps not accessible)		<input type="checkbox"/>	<input type="checkbox"/>
d) Other reasons		<input type="checkbox"/>	<input type="checkbox"/>
e) Did not have any problem		<input type="checkbox"/>	<input type="checkbox"/>

MODULE D: E-COMMERCE

D1	When did you last buy or order goods or services over the Internet for private purposes? (via website or apps using any device: desktop, laptop, mobile phone, smartphone)
(for persons who used the Internet in the last 12 months - who answered "YES" in question B1a or B1b)	
(tick only one)	
a) Within the last three months	→ Go to D2
b) More than three months ago (less than a year)	→ Go to D11
c) More than a year ago	→ Go to D11
d) Never	→ Go to D11
D2	What types of goods or services did you buy over website or app in the last three months, for private purposes? Including online purchase from enterprises or physical persons and including second hand goods.
(tick all that apply)	
a) Clothes (including sports clothes), footwear or accessories (such as bags, jewelry)	
b) Sports goods (excluding sports clothes)	
c) Children toys or childcare items (nappies, bottles, baby strollers)	
d) Furniture, home accessories (carpets or curtains) or gardening products (tools, plants)	
e) Music as CDs, vinyls, etc.	
f) Films or series as DVDs, <i>Blu-ray</i> discs	
g) Printed books, magazines or newspapers	
e) Computers, tablets, mobile phones or accessories	
f) Consumer electronics (such as TV sets, stereos, cameras) household appliances (such as washing machines)	
g) Medicines or dietary supplements (e.g. vitamins)	
h) Deliveries from restaurants, food chains, catering services	
i) Food or beverages from stores or from meal-kits providers	
j) Cosmetics, beauty or wellness products	
k) Cleaning products or personal hygiene products (toothbrushes, handkerchiefs, washing detergents, cleaning cloths)	
l) Bicycles, mopeds, cars or other vehicles or their spare parts	
m) Other physical goods	
-> Go to D3	
D3	From whom did you buy the mentioned goods via website or apps, in the last three months? Including online purchase from enterprises or physical persons.
(for persons who answered "YES" in any option of question D2)	
(tick all that apply)	
a) National sellers	
b) Sellers from EU countries	
c) Sellers from the rest of the world	
d) Country of origin of seller not known	
-> Go to D4	
D4	Did you buy any of the above mentioned products from private persons via website or app (via <i>ebay</i> , <i>Facebook Marketplace</i>)?
(for persons who answered "YES" in any option of question D2)	
(tick only one)	
a) Yes	
b) No	
-> Go to D5	

D5	Did you buy or subscribe to multimedia via website or app for personal purposes, in the last 3 months?		
(for persons who answered "Within the last three months" in question D1)			
(tick all that apply)			
a)	Music as a streaming service or downloading	<input type="checkbox"/>	<input type="checkbox"/>
b)	Films or series as a streaming service or for downloading	<input type="checkbox"/>	<input type="checkbox"/>
c)	Electronic books, online magazines or online newspapers	<input type="checkbox"/>	<input type="checkbox"/>
d)	Online games or downloads for smartphones, tablets, computers or consoles	<input type="checkbox"/>	<input type="checkbox"/>
e)	Computers or other software downloaded, including upgrades	<input type="checkbox"/>	<input type="checkbox"/>
f)	Apps related to health or fitness (excluding free apps)	<input type="checkbox"/>	<input type="checkbox"/>
g)	Other apps (related to language learning, travels, weather) excluding free apps	<input type="checkbox"/>	<input type="checkbox"/>
h)	Did not buy or subscribe to any of the above	<input type="checkbox"/>	<input type="checkbox"/>
-> Go to D6			
D6	In the last three months, did you buy or subscribe to any of the mentioned via website or app for private purposes?		
(for persons who answered "Within the last 3 months" in question D1)			
(tick all that apply)			
a)	Tickets for sport events	<input type="checkbox"/>	<input type="checkbox"/>
b)	Tickets for cultural and other events (cinemas, concerts, fairs)	<input type="checkbox"/>	<input type="checkbox"/>
c)	Subscription to the Internet or connection via mobile phone	<input type="checkbox"/>	<input type="checkbox"/>
d)	Subscription to electricity, water or heating supply, waste disposal or similar services	<input type="checkbox"/>	<input type="checkbox"/>
e)	Household services (such as cleaning, babysitting, repair work, gardening) (also when bought via a private persons, for example via <i>Facebook Marketplace</i>)	<input type="checkbox"/>	<input type="checkbox"/>
f)	Did not buy or subscribe to any of the above	<input type="checkbox"/>	<input type="checkbox"/>
-> Go to D7			
D7	Did you buy any of the above mentioned household service from private persons via website or app (e.g. via <i>Facebook Marketplace</i>)?		
(for persons who answered "YES" in question D6e)			
(tick only one)			
a)	Yes	<input type="checkbox"/>	<input type="checkbox"/>
b)	No	<input type="checkbox"/>	<input type="checkbox"/>
-> Go to D8			
D8	In the last three months, did you buy any transport service via website or app for private purposes from:		
(for persons who answered "Within the last three months" in question D1a)			
(tick all that apply)			
a)	A transport enterprise for buses, taxi (e.g. UBER)	<input type="checkbox"/>	<input type="checkbox"/>
b)	Private person	<input type="checkbox"/>	<input type="checkbox"/>
c)	Didn't buy	<input type="checkbox"/>	<input type="checkbox"/>
-> Go to D9			
D9	In the last three months, did you rent accommodation via website or app, for private purposes from:		
(tick all that apply)			
a)	Enterprises such as hotels or travel agencies	<input type="checkbox"/>	<input type="checkbox"/>
b)	Private person (such as <i>Airbnb</i>)	<input type="checkbox"/>	<input type="checkbox"/>
c)	Didn't rent accommodation via website or app	<input type="checkbox"/>	<input type="checkbox"/>
-> Go to D11			

D11	In the last three months, did you carry out any of the following activities via website or app, for private purposes?	
(for persons who answered "Within the last three months" in question D1)		
(tick all that apply)		
a) Buying insurance policies, including travel insurance, also as a package with another services, e.g. air ticket	<input type="checkbox"/>	<input type="checkbox"/>
b) Taking a loan, mortgage or credit from banks or other financial institutions	<input type="checkbox"/>	<input type="checkbox"/>
c) Buying or selling shares, bonds, units in funds or other financial resources	<input type="checkbox"/>	<input type="checkbox"/>
d) Didn't carry out any of the mentioned activities	<input type="checkbox"/>	<input type="checkbox"/>

-> Go to D1

MODULE E: INTERNET OF THINGS

(for persons who answered "Within the last three months" in question B1)

E1	Did you use any of the following Internet-connected devices or systems for private purposes?	
(tick all that apply)		
a) Internet-connected thermostat, lights, plug-ins or other Internet-connected solutions for energy for your home	<input type="checkbox"/>	-> Go to E3
b) Internet-connected home alarm system, smoke detector, security cameras, door locks or other safety/security solutions for your home	<input type="checkbox"/>	-> Go to E3
c) Internet-connected home appliances, such as robot vacuums, fridges, ovens, coffee machines	<input type="checkbox"/>	-> Go to E3
d) Virtual assistant in the form of a smart speaker or app (<i>Google Home, Amazon</i>)	<input type="checkbox"/>	-> Go to E3
e) Didn't use any of the above	<input type="checkbox"/>	-> Go to E2

E2	What were the reasons for not using any of the mentioned Internet-connected devices or systems for private purposes?	
(for persons who answered "YES" in question E1e)		
(tick all that apply)		
a) Didn't know such devices or systems existed	<input type="checkbox"/>	<input type="checkbox"/>
-> if the answer is "YES" in E2a) go to E3; otherwise go to E2 B)-i)		
b) I had no need to use those connected devices/systems	<input type="checkbox"/>	<input type="checkbox"/>
c) Costs too high	<input type="checkbox"/>	<input type="checkbox"/>
d) Lack of compatibility with other devices or systems	<input type="checkbox"/>	<input type="checkbox"/>
e) Lack of skills to use those devices or systems	<input type="checkbox"/>	<input type="checkbox"/>
f) Concerns about privacy and protection of data about me generated by those devices or systems	<input type="checkbox"/>	<input type="checkbox"/>
g) Concerns about security (that the device or system will be hacked)	<input type="checkbox"/>	<input type="checkbox"/>
h) Concerns about security or health (the use of the devices or systems could lead to an accident, injury or health problems)	<input type="checkbox"/>	<input type="checkbox"/>
i) Other reasons	<input type="checkbox"/>	<input type="checkbox"/>

-> Go to E3

E3	Did you use the Internet on any of the following devices in your home for private purposes?	
(tick all that apply)		
a) Internet-connected TV	<input type="checkbox"/>	<input type="checkbox"/>
b) Internet-connected game consoles	<input type="checkbox"/>	<input type="checkbox"/>
c) Internet-connected audio system, smart speakers	<input type="checkbox"/>	<input type="checkbox"/>
d) Didn't use the mentioned Internet-connected devices	<input type="checkbox"/>	<input type="checkbox"/>

-> Go to E4

E4	Did you use any of the following Internet-connected devices for private purposes?		
(tick all that apply)			
	a) Smart watch, fitness band, connected goggles or headsets, safety trackers, Internet-connected accessories		
	b) Internet-connected devices for monitoring blood pressure, sugar level, body weight (smart scales) or other Internet-connected devices for health and medical care		
	c) Internet-connected toys, such as robot toys (including educational) or dolls		
	d) Car with built-in wireless Internet connection		
	e) Didn't use the mentioned devices via the Internet		

E5	Did you encounter any of the following problems related to the mentioned Internet-connected devices or systems?		
(for persons who answered "YES" in question E1 under a), b), c), d), E3 under a), b), c) or D4 under a), b), c), d))			
(tick all that apply)			
	a) Problems related to security or privacy (hacked device or system, problems related with the protection of information about you or your family generated by those devices or systems)		
	d) Problems related to security or health (use of devices or systems lead to accidents, injury or health problems)		
	e) Difficulties related to the use of devices (devices settling, installing, connecting devices)		
	f) Other problems (problems related to connection, support)		
	g) Didn't encounter any problem		

-> Go to F1

MODULE F: GREEN INTERNET

(for persons who used the Internet in the last three months - who answered "YES" in question B1a)

F1_1	What did you do with your mobile phone or smartphone when you replaced it or stopped using it?		
(tick all that apply)			
	a) Still in the household		
	b) Sold or donated		
	c) Disposed of within collection or recycling of electronic waste (including taken to the seller to dispose of it)		
	d) Disposed of, but not within collection and recycling of electronic waste

2.3. MAIN FINDINGS

2.3.1. Internet in enterprises

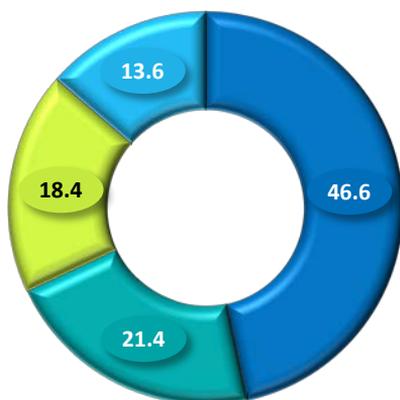

In the Republic of Serbia, 100% of enterprises have an Internet connection. The survey shows that all enterprises have a broadband Internet connection.

Chart 2.1. Does your enterprise have access to the Internet? (%)

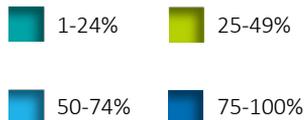

In 21.4% of enterprises from 1% to 24% of employees use the Internet, while in 46.6% of enterprises from 75% to 100% of employees use the Internet.

Chart 2.2. Enterprises by the percentage of employees using the Internet (%)

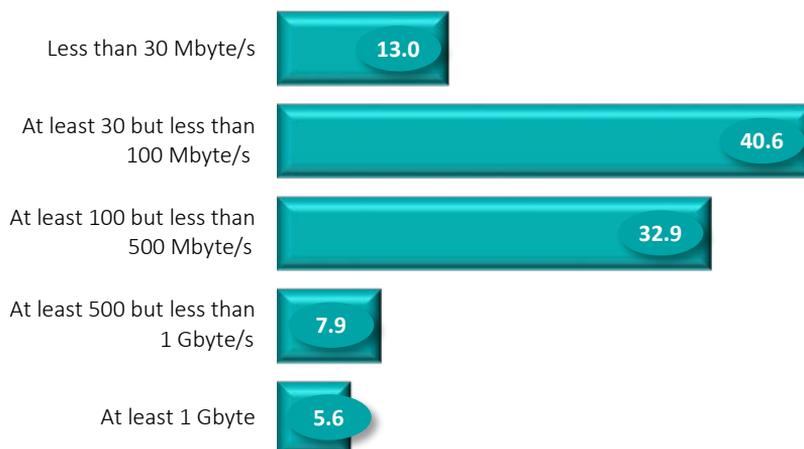

Employees

In 46.6% of enterprises, more than 75% employees use the Internet.

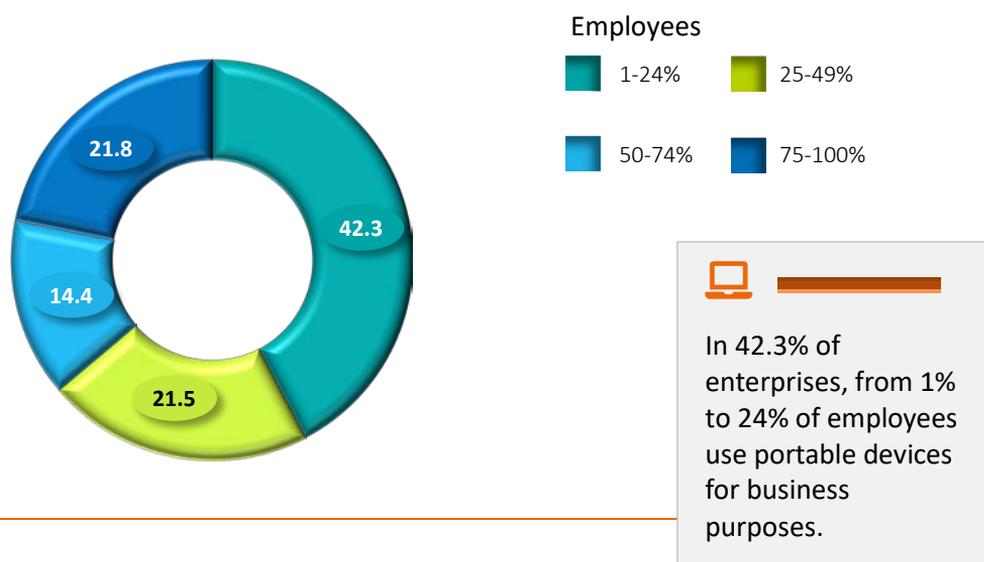

Chart.2.3. What is the maximum contracted speed of the Internet connection in your enterprise? (%)

2.3.2. Percentage of the persons employed who use portable devices for business purposes that allow Internet connection via mobile telephone network

On the territory of the Republic of Serbia, in the category up to 24% persons employed who use portable devices for business purposes there are 42.3% of enterprises, while, within the category from 75% to 100% of persons employed using portable devices for business purposes there are 21.8% of employees.

Chart 2.4. Enterprises by the percentages of persons employed using portable devices for business purposes (%)

2.3.3. Website

There are 84.9% of enterprises that have a website, an increase of 0.4% compared with 2021, and an increase of 0.5% compared with 2020.

In relation to the structure of enterprises by size class, the following results are obtained:

- 96.7% of large enterprises have a website;
- 91.5% of medium enterprises have a website;
- 82.7% of small enterprises have a website.

There are also differences by territory. In Beogradski region 91.2% of enterprises have a website, in Region Vojvodine, 81.8%, in Region Šumadije i Zapadne Srbije 79.2% and in Region Južne i Istočne Srbije 80.2% of enterprises.

Chart 2.5. Does your enterprise have a website? (%)

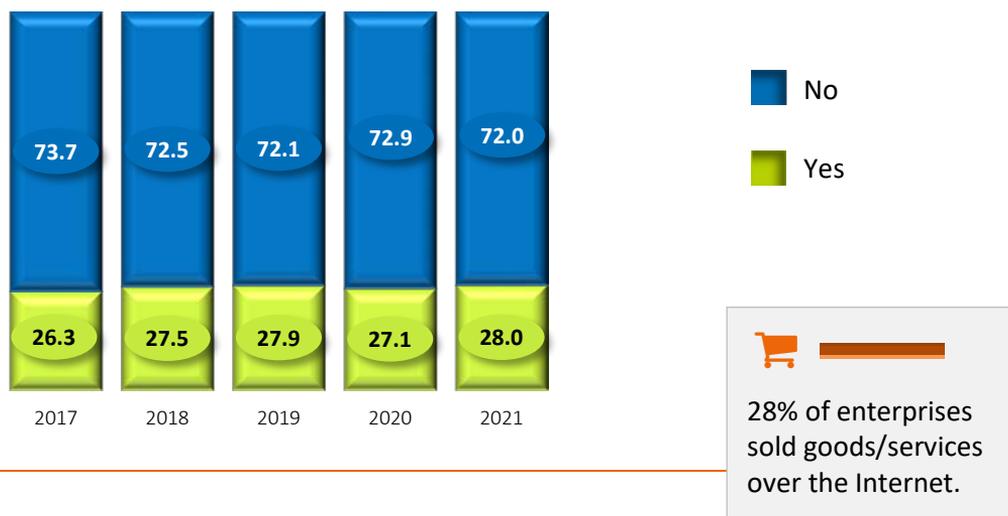

Website available in enterprises, by activities:

- Information and communications (100.0%);
- Administrative and support service activities; Repair of computers (94.1%);
- Real estate activities; Professional, scientific and technical activities (91.5%);
- Manufacturing (88.0%);
- Accommodation and food service activities (92.5%);
- Wholesale and retail trade (84.7%);
- Construction (69.6%);
- Electricity, gas, steam and air conditioning supply; Water supply and sewerage (89.2%);
- Transportation and storage (61.3%).

2.3.4. E-commerce

In 2021, 28.0% of enterprises in the Republic of Serbia sold goods/services over the Internet.

Chart 2.6. Does your enterprise sold products/services over the Internet? (%)

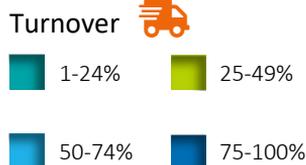

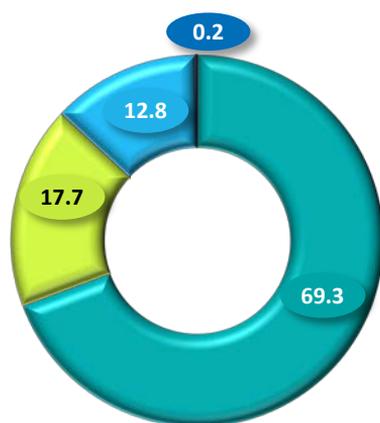

When looking at the structure of enterprises by size class, the following results are obtained:

- 24.9% of large enterprises sold goods/services over the Internet;
- 25.0% of medium enterprises sold goods/services over the Internet;
- 21.8% of small enterprises sold goods/services over the Internet;

When asked about the percentage of the total turnover generated from sales of goods/services over the Internet, enterprises answered as follows:

- „Less than 25%“ (69.3% of enterprises);
- „More than 25%, and less than 50%“ (17.7% of enterprises);
- „More than 50%, and less than 75%“ (12.8 % of enterprises);
- „75 % and more“ (0.2% of enterprises).

Chart 2.7. Percentage of the total turnover in 2021 generated by sales of goods/services over the Internet (%)

The number of enterprises that had a turnover under 25% of the total turnover generated by sales is 69.3%.

2.3.5. ICT specialists and skills

On the territory of the Republic of Serbia, 24.7% of enterprises employ ICT specialists, of which in Belgrade 33.5%, Vojvodina 19.5% in Region Šumadije i Zapadne Srbije 17.5% in Region Južne i Istočne Srbije 19.0% of enterprises.

Chart 2.8. Does your enterprise employ ICT specialists? (%)

January 2022

More than 24% of enterprises employ ICT specialists.

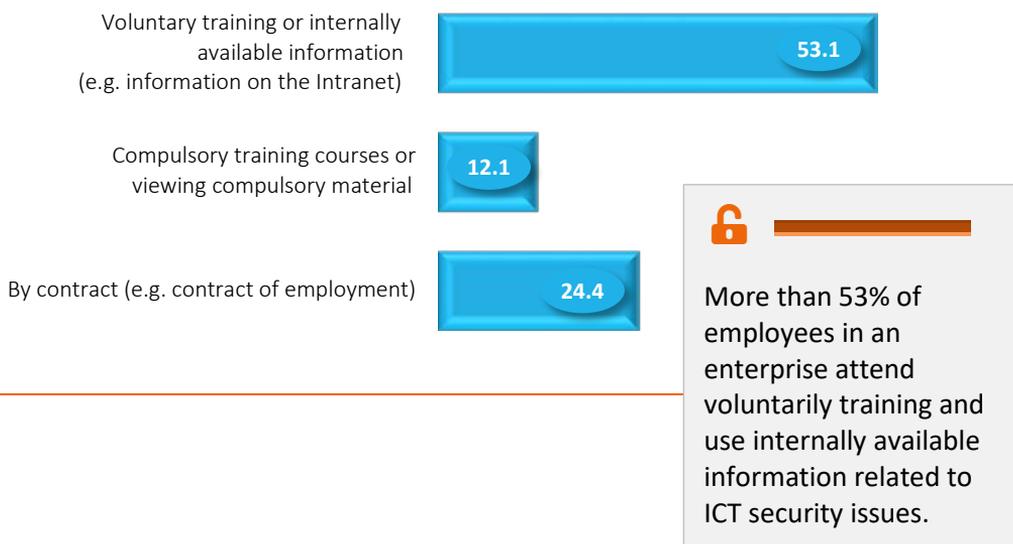

2.3.6. ICT security

In the Republic of Serbia 79.2% of enterprises use authentication via a public password as a measure in their ICT systems, while 65.1% of enterprise make backup copies to a separate location, and 56.8% control the access to the network as a security measure in their ICT systems.

Chart 2.9. Did your enterprise use any of the following ICT measures? (%)

Chart 2.10. Does your enterprise make persons employed aware of their obligations related to ICT security issues? (%)

2.3.7. THE ENVIRONMENT

In the Republic of Serbia, 64.5% of enterprises use measures to influence the quantity of paper used for printing and copying, and 44.2% of enterprises use measures to influence the consumption of energy of ICT equipment.

Chart 2.11. Does your enterprise think of how ICT services/equipment impact the environment when choosing them (e.g. energy consumption)? (%)

Chart 2.12. What does your enterprise do with ICT equipment that are not used anymore? (%)

More than 61% of enterprises dispose of ICT equipment that are not used anymore for collection/recycling of electronic waste.

2.4. SURVEY FINDINGS

MODULE A: Use of the Internet

A1: Percentage of the number of persons employed who use the Internet for business purposes?

%

	Enterprises							
	Size class			Region				Total
	Small (10–49)	Medium (50–249)	Large (250+)	Beogradski	Vojvodina	Šumadije i Zapadne Srbije	Južne i Istočne Srbije	
1–24%	20.7	24.3	21.6	19.2	17.6	28.3	24.3	21.4

SURVEY ON THE USAGE OF INFORMATION AND COMMUNICATION TECHNOLOGIES IN ENTERPRISES

MODULE A: ACCESS AND USE OF THE INTERNET

A1	Please indicate the percentage of the number of persons employed who use the Internet for business purposes (percentage of the total number of employed persons):	<input type="text"/>	
A2	Does your enterprise use any type of fixed broadband Internet connection? (e.g. ADSL, SDSL, FTTP, cable Internet, public Wi-Fi)	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
		→ Go to A4	
A3	What is the maximum contracted download speed of the Internet connection in your enterprise? (tick only one)	Yes	No
a) Less than 30 Mbit/s		<input type="checkbox"/>	<input type="checkbox"/>
b) At least 30, but less than 100 Mbit/s		<input type="checkbox"/>	<input type="checkbox"/>
c) At least 100, but less than 500 Mbit/s		<input type="checkbox"/>	<input type="checkbox"/>
d) At least 500, but less than 1 Gbit/s		<input type="checkbox"/>	<input type="checkbox"/>
e) At least 1 Gbit/s		<input type="checkbox"/>	<input type="checkbox"/>
A4	Please indicate the percentage of the persons employed who use portable devices (provided by the enterprise) for business purposes (percentage of the total number of persons employed), and that allow Internet connection via mobile telephone networks (portable computer, tablet, smartphone):	<input type="text"/>	
A5	Does your enterprise hold remote meetings (e.g. via Skype, Zoom, MS Teams, WebEx, etc.)	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
		→ Go to A8	
A6	Does your enterprise have any ICT security guidelines for remote meetings (e.g. password requirement)?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
A7	Does your enterprise have guidelines to promote remote meetings instead of business travelling?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>

A8	Do any of the employed persons have a remote access to the following? (using computers or smartphones)	Yes	No
	a) Enterprise e-mail	<input type="checkbox"/>	<input type="checkbox"/>
	b) Enterprise documents (e.g. files, tables, presentations, charts, photos)	<input type="checkbox"/>	<input type="checkbox"/>
	c) Enterprise business apps or software (e.g. access to accounting, sales, orders, CRM)	<input type="checkbox"/>	<input type="checkbox"/>
If the answer is „NO“ in A8a), A8b) and A8c)-> go to B1			
A9	Please indicate the percentage of all persons employed who have remote access to the enterprise's e-mail system (percentage of the total number of persons employed)?	<input type="text"/>	
	For enterprises that answered „YES“ in A8a		
A10	Please indicate the percentage of all persons employed (percentage of the total number of persons employed) who have remote access to enterprise's documents or software (e.g. files, tables, presentations)?	<input type="text"/>	
	For enterprises that answered „YES“ in A8b or A8c		
A11	Does your enterprise have ICT guidelines for secure remote access? (e.g. request for online meetings protected by a password, prohibition of using of public Wi-Fi for work, use of <i>VPN</i> , requests related to data privacy)	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
A12	Does your enterprise have a website?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>

MODULE B: E-COMMERCE

E-commerce is the sale or purchase of goods or services using computer network methods designed to receive or place orders. Payments and delivery of goods may not be done online. E-commerce transactions **exclude** manually typed orders.

B1	During 2021, did your enterprise have web sales/services:	Yes	No
	a) Via your enterprise's website or mobile app? (including extranet)	<input type="checkbox"/>	<input type="checkbox"/>
	b) Via e-commerce websites or apps used by several enterprise on marketplaces? (<i>Amazon, Alibaba, Limundo, Tehnomanija</i>)	<input type="checkbox"/>	<input type="checkbox"/>
If the answer is „NO“ in B1a) and B1b)-> go to B8			
B2	What was the percentage of the total turnover generated by web sales of goods or services in 2021?	<input type="text"/>	
If only „YES“ is indicated in a) in question B1, indicate 100% in question B3a), if only „YES“ is indicated in b) in question B1, indicate 100% in question B3b), question B3 is to be answered by the respondents that said „YES“ in question B1 under a) and b) so that the answers have a sum of 100%.			
B3	What was the percentage value of web sales in 2021 for the following:	Total 100%	
	a) Via your enterprise's website or mobile app? (including extranet)	<input type="text"/>	
	b) Via e-commerce website or app used by your enterprise on marketplaces? (<i>Amazon, Alibaba, Limundo, Tehnomanija</i>)	<input type="text"/>	
B4	What was the percentage breakdown of the value of web sales in 2021 by type of customer:	Total 100%	
	a) Sales to end consumers (<i>B2C</i>)	<input type="text"/>	
	b) Sales to other enterprises (<i>B2B</i>) and sales to government bodies (<i>B2G</i>)	<input type="text"/>	

B5	During 2021, did your enterprise have web sales to customers located in the following geographical areas?	Yes	No
	a) Republic of Serbia	<input type="checkbox"/>	<input type="checkbox"/>
	b) EU countries	<input type="checkbox"/>	<input type="checkbox"/>
	c) Rest of the world	<input type="checkbox"/>	<input type="checkbox"/>
B8	During 2021, did your enterprise have EDI-type sales of goods or services?	Yes	No
	EDI-type sales cover sales via electronic data exchange. This type of sales cover orders placed in an agreed or standardised format suitable for automatic processing (e.g. <i>EDI-EDIFACT, XML-UBL...</i>); Manually typed individual messages are excluded.	<input type="checkbox"/>	<input type="checkbox"/>
			→ go to C1
B9	What percentage was generated by EDI-types sales of goods or services during 2021?	<input type="text"/>	

MODULE C: ICT SPECIALISTS AND SKILLS

C1	Does your enterprise employ ICT specialists? (ICT specialists are employees for whom ICT is the main job (to develop, operate or maintain ICT system or apps))	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
C2	During 2021, did your enterprise provide any type of training to the employees to develop their ICT skills?	Yes	No
	a) Training for ICT specialists answer „NO“ if the answer in question C1 is „NO“	<input type="checkbox"/>	<input type="checkbox"/>
	c) Training for other employees	<input type="checkbox"/>	<input type="checkbox"/>
C3	During 2021, did your enterprise recruit or try to recruit ICT specialists?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
			→ go to C6
C4	During 2021, did your enterprise have vacancies for ICT specialists that were difficult to fill in?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
			→ go to C6
C6	Who performed your enterprise's ICT functions in 2021? (ICT infrastructure maintenance; support for office software; development or support for business management/system)	Yes	No
	a) Own employees (including employed in parent or affiliate enterprises)	<input type="checkbox"/>	<input type="checkbox"/>
	c) External suppliers	<input type="checkbox"/>	<input type="checkbox"/>

MODULE D: ICT SECURITY

D1	Does your enterprise use any of the following ICT security measures?	Yes	No
	a) Strong password authentication, (e.g. minimum length use of numbers and special characters, periodically change, etc.)	<input type="checkbox"/>	<input type="checkbox"/>
	b) authentication via biometric methods used to access the enterprise's ICT system (authentication based on fingerprints, voice, face)	<input type="checkbox"/>	<input type="checkbox"/>
	c) Authentication based on a combination of at least two mechanisms of authentication (combination for example of a one-time password, code generated via a secure token or received by phone, biometric method – based on fingerprints, voice, face)	<input type="checkbox"/>	<input type="checkbox"/>
	d) Encryption of data, documents or e-mails	<input type="checkbox"/>	<input type="checkbox"/>
	e) Data backup to a separate location (including data backup to cloud)	<input type="checkbox"/>	<input type="checkbox"/>
	f) Network access control (management of user rights in the enterprise's network)	<input type="checkbox"/>	<input type="checkbox"/>
	e) VPN (Virtual Private Network extends a private network across a public network to allow secure data exchange via a public network)	<input type="checkbox"/>	<input type="checkbox"/>
	f) System for monitoring ICT security that allows detection of suspicious activity in the ICT systems and alerts the enterprise about it, except antivirus software	<input type="checkbox"/>	<input type="checkbox"/>
	g) Maintaining log files for analysis after ICT security incidents	<input type="checkbox"/>	<input type="checkbox"/>
	h) Assessment of ICT risks, i.e. periodical assessment of probability of ICT security incidents		
	i) ICT security tests (e.g. testing security alert system, review of security measures, testing of backup systems)	<input type="checkbox"/>	<input type="checkbox"/>
D2	Does your enterprise make persons employed aware of the obligations related to ICT security issues in the following ways?	Yes	No
	a) Voluntary training or internally available information (information about the Intranet)	<input type="checkbox"/>	<input type="checkbox"/>
	b) Compulsory training courses or viewing compulsory material	<input type="checkbox"/>	<input type="checkbox"/>
	c) By contract (e.g. contract of employment)	<input type="checkbox"/>	<input type="checkbox"/>
D3	Does your enterprise have documents on measures, practice or procedures of ICT security? (documents on ICT security and confidentiality of data cover employee training in ICT use, measures of ICT security, assessment of ICT security measures, plans for updating ICT security documents, etc.)	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
			→ go to D5
D4	When were the documents of your enterprise about measures, practice or procedures on ICT security defined or most recently reviewed? (documents on ICT security and confidentiality of data cover employee training in ICT use, measures of ICT security, assessment of ICT security measures, plans for updating ICT security documents, etc.) (tick only one)	Yes	No
	a) In the last 12 months	<input type="checkbox"/>	<input type="checkbox"/>
	b) Between 12 and 24 months	<input type="checkbox"/>	<input type="checkbox"/>
	c) More than 24 months ago	<input type="checkbox"/>	<input type="checkbox"/>

D5	During 2021, did your enterprise experience any security incident that led to the following consequences?	Yes	No
	a) Unavailability of ICT services due to hardware or software failure	<input type="checkbox"/>	<input type="checkbox"/>
	b) Unavailability of ICT services due to external attacks, random attacks	<input type="checkbox"/>	<input type="checkbox"/>
	c) Destruction or corruption of data due to hardware or software failure	<input type="checkbox"/>	<input type="checkbox"/>
	d) Destruction or corruption of data due to malicious software or unauthorised intrusion	<input type="checkbox"/>	<input type="checkbox"/>
	e) Disclosure of confidential data due to intrusion, phishing, phishing attack, intentional actions of own employees	<input type="checkbox"/>	<input type="checkbox"/>
	f) Disclosure of confidential data due to unintentional actions of own employees	<input type="checkbox"/>	<input type="checkbox"/>
D6	Who carry out ICT security related activities (i.e. security testing, training about ICT security, resolving ICT security incidents) in your enterprise?	Yes	No
	a) Own employees (including employees in parent or affiliated enterprises)	<input type="checkbox"/>	<input type="checkbox"/>
	b) External suppliers	<input type="checkbox"/>	<input type="checkbox"/>
D7	Does your enterprise have insurance against ICT security incidents?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>

MODULE E: USE OF ROBOTICS

E1	Does your enterprise use any of the following types of robots?	Yes	No
	a) Industrial robots (e.g. robot welding, laser cutting) (excluding CNC machines, 3D printers or devices completely controlled by man)	<input type="checkbox"/>	<input type="checkbox"/>
	b) Service robots (e.g. used for surveillance, cleaning, transport, etc.)	<input type="checkbox"/>	<input type="checkbox"/>
If the answer is „No“ in question E1a) and E1b) -> go to F1; otherwise -> go to question E3			
E3	Have the following reasons affected your enterprise's decision to use robots?	Yes	No
	a) High cost of labour	<input type="checkbox"/>	<input type="checkbox"/>
	b) Difficulties to recruit personnel	<input type="checkbox"/>	<input type="checkbox"/>
	c) Increase of security at work	<input type="checkbox"/>	<input type="checkbox"/>
	g) Possibility of high precision or standardized quality of process and/or goods and services produced	<input type="checkbox"/>	<input type="checkbox"/>
	h) To expand the range of goods produced or services provided by the enterprise	<input type="checkbox"/>	<input type="checkbox"/>
	i) Tax or other government incentives	<input type="checkbox"/>	<input type="checkbox"/>

MODULE F: ICT AND THE ENVIRONMENT

F1	Does your enterprise use any of the following measures to affect the following?	Yes	No
	a) Quantity of paper used for printing and copying	<input type="checkbox"/>	<input type="checkbox"/>
	b) Consumption of energy of ICT equipment	<input type="checkbox"/>	<input type="checkbox"/>
F2	Does your enterprise think of how ICT services/equipment impact the environment when choosing them (e.g. energy consumption)?	Yes	No
		<input type="checkbox"/>	<input type="checkbox"/>
F3	What does your enterprise do with ICT equipment (e.g. computers, monitors, mobile phones) when is no longer used?	Yes	No
	a) Disposed of collection/recycling of electronic waste (including giving away to the seller for disposal)	<input type="checkbox"/>	<input type="checkbox"/>
	b) ICT equipment is kept in the your enterprise (e.g. used for as spare parts, fear of disclosing sensitive information)	<input type="checkbox"/>	<input type="checkbox"/>
	c) Sold, used to pay leasing enterprise or donated	<input type="checkbox"/>	<input type="checkbox"/>

Name of the enterprise

Registration number of enterprise

Name and surname

Telephone

e-mail

ADSL (Asymmetric Digital Subscriber Line):

A broadband digital transmission technology using an existing telephone line and allows at the same time data transmission and vocal communication. The larger part of the range serves for data transmission to user, and the speed extends up to 6 Mbps.

Bit (Binary Digit):

The smallest information unit processed by a computer handles. A bit is expressed as 1 or 0 in a binary presentation, or as *true or false* in logic presentation. A group of 8 bits makes up 1 byte.

Broadband:

Broadband is a communication system the agent (carrier) of which (e.g. optical cable) forwards multiplied data simultaneously, and each individual data is made module at different frequency.

B2B (Business-to-Business):

Transactions between two enterprises that are carried out via networks based on IP address (Internet Protocol address) via other computer networks.

B2C (Business-to-Customer):

Transactions between a business and private customer that are carried out through other computer networks.

CRM (Customer Relationship Management):

It represents a process or methodology used to learn more about our clients' needs and habits and to developing tighter relationships with them. CRM contains several technological components, but CRM, in organizational terms, is a set of processes that will help to collect necessary information about customers, sales, marketing efficiency, customers' reactions and market trends. CRM facilitate business use of technology and human resources to have an insight of customers' behavior and value.

Download:

Electronic transmission of information from a remote computer to own computer. File download from an anonymous *FTP* (File Transfer Protocol) is a popular way of obtaining free of charge software of public property.

Dial-up connection:

When telephone network is used for connection to a network. This includes a modem and ordinary telephone line, *ISDN* (Integrated Services Digital Network) card or *ISDN* line. If you are a typical computer user, you have one or two dial-up connections: one to get connected to the Internet, and the other to connect to your enterprise's network.

DSL (Digital Subscriber Line):

Type of fast Internet connection using standard telephone lines. It can also be a type of broadband connection.

XDSL, ADSL, etc:

Transmissions over Internet networks based on protocols and via other computer networks. Orders of goods and services are placed via those networks, but payment and final delivery of goods or services can be made online or offline. Orders placed by phone, fax or e-mails are excluded from the category of electronic commerce.

Digital goods or services:

Goods/services that can ordered and delivered directly via computer, i.e. the Internet, e.g. music, video-films, games, computer software, online newspapers, consulting services, etc.

E-mail:

Electronic transmission of messages, including text and attachments, from one computer to another located inside or outside of an organization. This includes electronic mails by internet or other computer networks.

Extranet:

A secure extension of Intranet enabling external users to have access to certain parts of the organization Intranet.

E-commerce:

E-commerce (Electronic Commerce) is the purchase or sale of goods or services over the Internet, particularly via the World Wide Web service. Practically this term is often used instead of the recent one, e-business, which means business over the Internet.

Electronic (digital) signature:

Electronic signature is meant to be a technology used in systems of electronic business for checking the signatory's authenticity, securing the integrity of transmitted information, and the irrevocability of the electronic signature in the message or document. Therefore, a like the signature in standard business, the electronic signature is used in electronic business. Besides, the latter secures electronically signed message, which is not case with personal signatures.

ERP (Enterprise Resource Planning):

ERP is a software system that monitors all aspects of business operations of company. The implemented ERP system integrates the business operations of different company functions (such as accountancy, sales, production, etc.) in one entity. One obtains this way a system through which one can, on one hand, manage all human and material resources, and on the other one, plan, develop and monitor business processes and procedures.

Firewall:

A combination of hardware and software which maintains the system secure. It is usually used to prevent unauthorized access to the internal local network from outside. Firewall prevents direct communication between a network and external computers.

Hardware:

A physical unit of a computer system, including external units, printers, modems, mice, etc.

Internet:

A worldwide computer network.

Internet address:

Address of one of the Internet resource. It typically reads for example:
<http://www.stat.gov.rs>

Intranet

A network within an organization, based on Internet technologies and protocols, but available only for a selected group of people, such as the employees.

ISDN (Integrated Services Digital Network):

A fast digital telephone service, which speed ranges up to Kbps, which is several times faster than the analogue modem.

Local Area Network (LAN):

A local network that covers and connects a group of computers, printers and other units in a relatively limited location (e.g. building). Every connected LAN unit is allowed to communicate with other networks, if needed.

Network:

A group of computers or other devices, such as printers, scanners, etc. connected to the communication link, which allows all the devices to interact. It can be small or large range, linked with cables, wireless, permanently, temporarily linked, etc. The biggest network is the Internet, the largest group of all interconnected world networks.

Server:

A computer, in an network environment, containing shared resources used by network users.

Virus:

A computer program, which, by being started-up and installed, damages or erases data in a computer.

Wide Area Network (WAN):

A communication network that connects geographically separated computers, printers and other devices.

Window:

A part of the monitor screen from which programs and processes can be opened. The user can open several windows at the same time.
