

Survey code: **010010**

ANNUAL REPORT ON THE PRODUCTION OF FISH FOR CONSUMPTION AND JUVENILES IN 2023

The obligation to provide data is based on Article 26, and penal provisions for refusing or giving incomplete and incorrect data on the Article 52 of the Law on Official Statistics ("Official Gazette of the Republic of Serbia", No. 104/09). The data will be used exclusively for statistical purposes and will not be published as individual. All data has the character of business secret.

DATA ON THE UNIT FOR WHICH THE REPORT IS SUBMITTED

Identification of the legal entity/Unincorporated enterprise	Family fishing holding
<p>Name of the legal entity/Unincorporated enterprise</p> <p>1. enterprise : _____</p> <p>_____</p> <p>_____</p> <p>(unit which is a part of legal entity writes own name and name legal entity)</p> <p>2. Legal entity ID Number: <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/></p> <p>3. Activities of the holding: <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/></p>	<p>4. Name and surname of the holder _____</p> <p>_____</p> <p>_____</p> <p>5. Holder ID number</p> <p><input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/></p>
<h3>Address of the legal entity/ Unincorporated enterprise/ Holder</h3> <p>6. Municipality: _____</p> <p>7. Settlement: _____</p> <p>8. Address: _____</p> <p>9. Telephone: _____ 10. E-mail: _____</p> <p>11. Contact person: _____</p>	
<h3>Location of the fishing holding ¹⁾</h3> <p>12. Municipality: _____</p> <p>13. Settlement: _____</p> <p>14. Address: _____</p>	

¹⁾ Enter data on the location of the fishing holding regardless of whether they are the same or different from the address of the legal entity / entrepreneur / holder of the holding

15. Juveniles are produced on the holding (circle a number):

1. Only for the holding's own needs 2. For holdings own use and further sale 3. Only for sale 4. Juveniles is not produced on the holding

16. Fish for consumption is produced on the holding (circle a number):

1. Only for the holding's own needs 2. For holdings own use and further sale 3. Only for sale 4. Fish for consumption is not produced on the holding

The report is filled out by legal entities, entrepreneurs and family fishing holdings engaged in the production of fish for consumption and juveniles, regardless of whether the production is intended for the holdings own needs or for sale.

1. EMPLOYEES AT THE FISHING HOLDING IN 2023

				Number
1.	In production	Full time	Men	
2.			Women	
3.		Part-time	Men	
4.			Women	
5.		Occasional	Men	
6.			Women	
7.	On other jobs	Full time	Men	
8.			Women	
9.		Part-time	Men	
10.			Women	
11.		Occasional	Men	
12.			Women	

Full time – If at least 90% of employee's working hours are realized by performing direct production activities

Part-time – If 30-90% of employee's working hours are realized by performing direct production activities

Occasional – If 30% of employee's working hours are realized by performing direct production activities

The employee category is determined by the participation of hours worked in the total working hours fund in 2023, regardless of whether the employee is working indefinitely or for a specific time or is a seasonal worker.

The number of employees working **on other jobs** refers to the average number of employees during 2023 on technical and administrative tasks related to primary production in the fisheries (excluding employees working on the holding in trade, catering and tourism or fish processing).

In the number of employees, include the holder. This also applies to tables 1a, 1b and 1c.

1a. Employees, by age

Age		Men, number	Women, number
		(1)	(2)
1.	15-24		
2.	25-39		
3.	40-64		
4.	65 years or older		

1b. Employees, according to the highest level of education

		Men, number	Women, number
		(1)	(2)
1.	Primary School		
2.	High School		
3.	College/University		

1c. Employees, by country of origin

		Men, number	Women, number
		(1)	(2)
1.	From the Republic of Serbia		
2.	From other countries		

At the end of filling in tables 1, 1a, 1b and 1c, check whether the total number of men and the total number of women is equal in all tables.

2. WATERCRAFTS AND EQUIPMENT, state as on 31 December 2023

		Number	Capacity	
			Measurement unit	Total
		(1)	(2)	(3)
1.	Boats			
2.	Motors for boats		kw	
3.	Pools, for fish transport		m ³	
4.	Cold storage (movable and immovable)		t	
5.	Motor mowers		kw	
6.	Water pumps		kw	
7.	Tractors		kw	
8.	Trucks		t	
9.	Vans		kw	
10.	Nets (all kinds)		m	

The data are related to equipment and assets that are being used as **basic assets** of a fishing holding.

Does the holding own (circle a number):			
10.	Oxygenation equipment	1. YES	2. NO
11.	Aeration equipment	1. YES	2. NO
12.	Elevator	1. YES	2. NO
13.	Sorter	1. YES	2. NO
14.	Feeders	1. YES	2. NO

CARP FACILITIES

3. SIZE OF THE HOLDING AND FACILITIES, state as on 31 December 2023

			Number	Measurement unit	Area/Volume	
					Total	Of which: in exploitation
			(1)	(2)	(3)	(4)
1.	Spawn facilities	Incubators				
2.		Tanks				
3.	Growth facilities			ha		
4.	Mladičnjaci			ha		
5.	Matičnjaci			ha		
6.	Breeding facilities			ha		
7.	Winter ports			ha		
8.	Other area			ha		
9.	Total area (3-8)			ha		
10.	Cages			m ³		

In rows 3 - 7, fill in the aquatic water surface - total (column 3), and from it: in exploitation (column 4).

In row 8 (column 3), enter the other areas (arable land, forests, infertile land, land under buildings, roads, etc.) used by the fishing holding.

Specially fill in the number and volume of the cages (row 10).

4. PRODUCTION OF EGGS AND JUVENILES IN CARP FACILITIES IN 2023

		Eggs, number	Larvae, number		Age-old juveniles, kg		Two-year-old juveniles kg ¹⁾	
			For own production	For further sale ²⁾	For own production	For further sale ²⁾	For own production	For further sale ²⁾
		(1)	(2)	(3)	(4)	(5)	(6)	(7)
1.	Carp							
2.	Catfish							
3.	Bighead							
4.	White grasscarp							
5.	Northern pike							
6.	Pike-perch							
7.	Other fish							
8.	Total (1-7)							

¹⁾ If the produced two-year-old juveniles are sold as fish for consumption, the data on in-seeded quantity and production show in Table 5.

²⁾ The first sale, regardless of the method of sale.

4a. SALE OF JUVENILES FROM CARP FACILITIES IN 2023

		Larvae		Age-old juveniles		Two-year-old juveniles	
		Realized (sold) ¹⁾ , number	Price at the first sale, RSD/ number	Realized (sold) ¹⁾ , kg	Price at the first sale, RSD/ kg	Realized (sold) ¹⁾ , kg	Price at the first sale, RSD/ kg
		(1)	(2)	(3)	(4)	(5)	(6)
1.	Carp						
2.	Catfish						
3.	Bighead						
4.	White grasscarp						
5.	Northern pike						
6.	Pike-perch						
7.	Other fish						
8.	Total (1-7)						

¹⁾The first sale, regardless of the method of sale.

5. PRODUCTION OF FISH FOR CONSUMPTION IN CARP FACILITIES IN 2023

		In-seeded		Produced, kg ¹⁾		Price at the first sale, RSD/ kg
		number	kg	Total	Realized (sold) ²⁾	
		(1)	(2)	(3)	(4)	
1.	Carp					
2.	Catfish					
3.	Bighead					
4.	White grasscarp					
5.	Northern pike					
6.	Pike-perch					
7.	Other fish					
8.	Total (1-7)					

¹⁾The amount of fish caught for sale or personal use, as well as the amount of other, uncaught fish (including fish in winter quarters) that can be measured or estimated.

²⁾ The first sale, regardless of the method of sale.

TROUT FACILITIES
6. SIZE OF THE HOLDING AND FACILITIES, state as on 31 December 2023

			Number	Measurement unit	Area/Volume	
					Total	Of which: in exploitation
					(3)	(4)
1.	Spawn facilities	Incubators				
2.		Piscine		m ²		
3.	Piscine for growing juveniles			m ²		
4.	Piscine for fattening			m ²		
5.	Other area			m ²		
6.	Total area (2-5)			m ²		
7.	Cages			m ³		

In rows 2 - 4 fill in the aquatic water surface - total (column 3), and from it: in exploitation (column 4).

In row 5 (column 3), enter the other areas (arable land, forests, infertile land, land under buildings, roads, etc.) used by the fishing holding.

Specially fill in the number and volume of the cage (row 7).

7. PRODUCTION OF EGGS AND JUVENILES IN TROUT FACILITIES IN 2023

		Eggs, <i>number</i>		Larvae, <i>number</i>	Juveniles, <i>kg</i>	
		For own production	For further sale ¹⁾		For own production	For further sale ¹⁾
		(1)		(2)	(4)	(5)
1.	Rainbow trout					
2.	Brown trout					
3.	Other fish					
4.	Total (1-3)					

¹⁾The first sale, regardless of the method of sale.

7a. SALE OF JUVENILES FROM TROUT FACILITIES IN 2023

		Eggs		Juveniles	
		Realized (sold) ¹⁾ , number	Price at the first sale, RSD/ number	Realized (sold) ¹⁾ , <i>kg</i>	Price at the first sale, RSD/ kg
		(1)	(2)	(3)	(4)
1.	Rainbow trout				
2.	Brown trout				
3.	Other fish				
4.	Total (1-3)				

¹⁾The first sale, regardless of the method of sale.

8. PRODUCTION OF FISH FOR CONSUMPTION IN 2023

		In-seeded		Produced, kg		Price at the first sale, RSD/ kg
		number	kg	Total	Realized (sold) ¹⁾	
		(1)	(2)	(3)	(4)	(5)
1.	Rainbow trout					
2.	Brown trout					
3.	Other fish					
4.	Total (1-3)					

¹⁾The first sale, regardless of the method of sale.

9. USED FOOD IN 2023

		Food from own production, kg	Purchased food	
			Quantity (kg)	Value (RSD)
			(2)	(3)
1.	Maize			
2.	Wheat			
3.	Barley			
4.	Concentrated nutrients			
5.	Other food			
6.	Total (1-5)			

Amounts of own and purchased food used for fish production in trout and carp ponds are reported.

10. COSTS IN 2023

		Value, RSD
1.	In-seeded costs	
2.	Oxygen procurement costs	
3.	Costs of regular repairs and maintenance	
4.	Other regular operating costs	
5.	Fixed costs	
6.	Extraordinary costs	

Other regular operating costs include all other (unmentioned) regular purchases (material goods or services) due to production on the fishing farm (e.g. packaging, ice, food for workers, rent of additional warehouses, procurement of fertilizers and lime, procurement of medicines and chemicals, telecommunications and postal services, transportation and advertising services, etc.). Fuel and energy costs, wages and salaries, fish feed purchases, annual property depreciation and financial costs are not included.

Fixed costs mean costs that are not directly related to operational activities (eg insurance, taxes, bookkeeping services, etc.) and that are inevitably paid annually, regardless of the operations of the fishing farm.

Extraordinary costs - unexpected expenses that are not included in the aforementioned regular business expenses and are the result of unexpected, extraordinary situations that caused the expense.

11. Share of income from aquaculture in total income _____ %

12. Share of aquaculture costs in total costs _____ %
